

Hints To Start Social Security

Here are some helpful hints on how to speed up that first social security check.

First of all, file your claim about two or three months before you retire or become 65. Bring with you the oldest record you have of your age. This may be a Bible record, insurance policy or baptismal document.

You will be asked to estimate your earnings for this year and you may also be asked to furnish evidence of your earnings for last year so bring your W-2 form and copy of your tax return if you were self-employed.

You will need satisfactory proof of your age. If you do not have this, see us early and let us help. Other documents such as marriage certificate and birth certificates are required for widows of children.

Last but not least, be

submitted a statement that, as of July 1, 1969, applications requesting grant funds in the amount of \$8,300,000 were pending. With the committee's action of providing \$600 million for water pollution control, North Carolina will now receive in excess of \$14 million for the next fiscal year.

In spite of the generosity of the Appropriations Committee, a concerted effort was made to increase the \$600 million to an even \$1 billion. This was defeated by a margin of only two votes.

sure to bring your social security number when you come to file.

Even though all the necessary documents are not readily available, do not delay filing a claim if you can be entitled to benefits.

The social security office is located at 401 South Dyer Street, Elizabeth City, N. C. Office hours are 8:45 A. M. until 5 P. M. Monday through Friday and 9 A. M. until noon on Saturday.

OVERHEATING CAN BE PREVENTED BY CHECKS

While most cars made today have cooling systems that are "sealed" in the factory, a wise motorist still takes precautions against engine overheating. Here are some basic precautions to take to make sure your car keeps it cool.

Test the anti-freeze to make sure it hasn't lost its rust inhibiting elements. If it has, drain and flush the cooling system before installing new anti-freeze.

Test the condition and tension of all drive belts as well as radiator hoses. Check the radiator and hoses for leaks. Also check pump gaskets and tightness of the pulley hub on the water pump.

Check to see that there is no foreign matter on the cooling fins and that the overflow tube is not obstructed.

Drive in the travel lane and observe posted road signs, suggests Liberty Mutual Insurance Companies. Lane hopping can be a dangerous game with tragic results. Road signs are posted to help save your life and ignoring them is quite literally taking your life into your own hands.

4 From Chowan Are At UNC-G

GREENSBORO — All 100 counties in North Carolina are represented by graduate and undergraduate students enrolled this fall at the University of North Carolina at Greensboro.

Among the 6,423 students attending UNC-G this fall are four students from Chowan County. In addition, UNC-G has 52 alumni who live in Chowan County.

See It New

Watch for... Space age appliances, such as a computerized blender — an electronic iron that 'senses' fabric types and automatically adjusts heat. Less gimmicky — more good sense in really functional kitchen equipment, such as professional quality knives; oven-to-table ware; gratin, tart and other "specialty" dishes. "His" and "hers" jewelry — perfectly matching, usually in the form of medallions on chains, or cuff links. Home-sized looms in various sizes, for the do-it-yourself seamstress who wants to create her own fabric, too.

SUNDAY SCHOOL LESSON FOR THIS WEEK

Continued from Page 6
children, alas, do not always understand. So it was with God and the children of Israel. God loved Israel, and had had infinite patience with her waywardness. Time and time again He had delivered her from the hands of her enemies. He had fulfilled His promises to her, even though that fulfillment had to be deferred for a long time, and many generations later, because of that waywardness. But

He had kept faith with her, which was more than she had done with Him. So retribution came, as a disciplinary measure. But it only came after all other avenues of approach had been explored.

God still sits in judgment on nations today. And—if we study our world history assiduously, we will see that any country that is given to evil, has fallen on hard times. Are we such a country—or will we reap the rewards of being God-ori-

ented? The answer is up to us.
