

"Shopping With You In Mind"

By KATE

Due to being so weak, I am obliged to reluctantly give up writing this column until when and if I gain more strength. I surely appreciate very much the many nice things readers have said and written about my feeble efforts regarding this column. Thanks so very much.

LETTER TO THE EDITOR

Most of the time exterior stone walls and interior steel shelving disguise it. But after a visit or two to your library you begin to see its true features.

It may be the face of a junior assistant, the assistant librarian, the librarian or a member of the Library Board. Whoever it is, this much is certain: the profile of the library is always the face of the man or woman in the library you know best.

Why? Because libraries are people. The receiving desk, files, shelves, books, magazines, reference materials—all the familiar symbols of the libraries—are nothing more than tools used by human hand and minds to get a worthwhile job well done.

To Mr. and Mrs. Chowan County it means, "Your money reserved for your library is well spent." The educational and recreational welfare of your children is in good hands. It also means that the serious business of supplying enough of the books you want for your reading pleasure—the basic function of your library—ample room for their housing and proper upkeep of building and grounds—is administered by a Library Board with a keen sense of its trust. Your library is staffed with a professional librarian aided by competent assistants, all of whom possess a highly developed sense of courtesy and service.

These people are your library. It is their humanism that transforms a facade of stone and steel into faces of friendliness and warmth.

This free and public library is proud of the part it is playing in Chowan County's educational and cultural progress.

Driving under the influence has been established as a factor in more than 50 percent of all fatal highway crashes in the United States. There were 235,492 new motor vehicle registrations in North Carolina in 1968.

Five North Carolina communities — Kinston, Lenoir, Sanford, Reidsville and Chapel Hill—recorded no traffic fatalities during 1968.

Aces Wrestlers Go Again Tonight

The Edenton Aces wrestlers take on Ahoskie tonight (Thursday) in the Holmes High Gymnasium, seeking their second victory of the young season.

Preliminaries will begin at 6:30 o'clock with the variety matches starting at 7 o'clock.

Last week the Aces defeated Scotland Neck, 28-13. Winning for the Aces by pins were Daryl Neal, 123-pound class, and Howard Rascoe, 136-pound class. Edward Bazemore, 145 pounder, out-pointed his opponent to win by decision.

The Aces picked up the remainder of their points by forfeits since Scotland Neck did not have entries in all weight classes.

Space Is Open In Sewing Class

Adult sewing classes sponsored by the Adult Education Division of the College of the Albemarle, are presently being held on Monday night at 7 o'clock at Holmes High School.

There is still room for additional students in this class and adults interested in sewing are encouraged to enroll. Persons may enroll Thursday or Monday night at the Holmes High School. If sufficient students enroll an additional class may be started which would meet on Thursday nights.

CANCER CLINIC

The Northeastern Cancer Clinic will be held on Friday afternoon, February 6, with registration beginning at 12:30 P. M. A chest X-ray will be given to anyone wishing it along with the examination of the five areas of the body where cancer is most easily found and cured. Only 30 people can be seen at the center each month, due to limited facilities, so it is suggested that anyone who wishes to be assured of an appointment should write or call the Cancer Center, Health Department, Elizabeth City, for a priority. Examinees are asked to bring a robe or housecoat with them.

Seventy-nine per cent of all families in the United States own at least one automobile.

During the first nine months of 1969 a total of 13,781 were arrested in North Carolina on the charge of driving under the influence. Almost 1,500 of these were second and third offenses.
