

BIG TURNIP—A. C. Griffin, right, solicits the aid of E. L. Knox to hold a turnip from the Griffin farm which weighed 10.25 pounds. Griffin, who back in the summer picked a giant watermelon, said he would vouch for the quality of the turnip, regardless of size.

Grants Are Available To All High School Seniors

College scholarships worth \$500 each will be awarded to 36 deserving high school seniors by the Belk Foundation during 1970.

Last year there were three winners who made application through the Edenton store. They were Rosemary Holmes of John A. Holmes High School, Jane Evans of Perquimans High School and Matthew Garrett of Chowan High School.

Alton Elmore, manager of Belk Tyler in Edenton, explained, in making the announcement today, that those entering college for the first time in the fall of 1970 will be eligible to compete for the scholarships.

Elmore cited the increasing importance of college education, for both the individual and the community, as the reason the Belk Foundation

will continue its scholarship program. He emphasized that because the Belk group of department stores operates under an unusual plan of local control, they take a special interest in the citizens and the areas surrounding each store. Each store feels a responsibility to contribute towards the betterment of its own community, since it is a vital part of the business life in which it participates.

The Belk Foundation, established as a memorial to W. H. Belk and Dr. John M. Belk, founders of the Belk mercantile organization, has assisted many churches, colleges, hospitals and other institutions. Since the scholarship program was initiated in 1958, college scholarships have been awarded as an additional means of providing better opportunities for deserving young citizens.

The scholarships are available to high school graduates in the 18-state area served by the Belk, Leggett and Efrid department stores. All persons who were graduated from high schools since January 1, 1964, may apply—provided they ranked scholastically in the upper one-half of their graduating class and will be entering college as freshmen during 1970.

The Foundation hopes through this program to encourage the study of retailing, marketing and related business-type subjects.

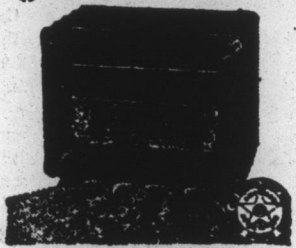

Scholarship winners will be selected by a special scholarship committee appointed by the Belk Foundation. Winners will be named on the basis of scholastic rating, school and community activities, financial need, character and interests and potentialities for success in college and adult life. Those receiving scholarships will be free to select their own college and preferred course of study.

Local high school seniors who are interested in applying for one of the Belk Foundation scholarships may contact Mr. Elmore at Belk Tyler in Edenton for complete information and an official application form.

The estimated expenditures of travelers in North Carolina in 1969 is \$750 million. A total of 521,451 visitors to the Old North State stopped at the two North Carolina Welcome Centers from August, 1968, to October, 1969.
