## Chowan Golf Club News

**By LEW DEXTER**  
Please don't forget, if you haven't signed up for the Roanoke Golf Association tournament to be played in Plymouth this coming Sunday, please call the pro and get your name on the list by Friday evening. As of right now there are only 21 men out of 34 signed up. We need more players than that, so let's all pitch in and make our first away from home match a good one.

The ladies' clinics are going along rather smoothly and we are having a good turnout. We are half way through this clinic and all the ladies seem rather pleased. Only thing is, I haven't seen any of them practicing what they are learning in the clinics. I mean on the practice tee, not on the course. Remember, you should always practice what you learn in order to get better. I have some ladies' starter sets in stock now for the new ladies that don't want to put a lot of money into a full set of clubs. Also, I have junior sets.

**Pro Tip Of The Week**  
If you are having trouble hitting your 2 or 3 iron, or even your 3 wood, why don't you try a 5 wood? This club is one of the most important clubs you can put in your bag. This club has the loft to get the ball up with less effort and you can hit it as far as a 2 or 3 iron in most cases. As we get older we have a feeling that we can't hit the long irons like we used to. Of course, we know this is all in your head but just the same we feel that we can't hit them and of course if you feel you can't hit the long irons you are not going to. So, put a 5 wood in your bag and practice with it and I'm sure you will find that you will wonder how you ever got along without it after using it a while.

The members of the legal profession as an able and ethical practitioner of law. He was active in the affairs and business of the Edenton Baptist Church where, among other activities he was a teacher of a men's Sunday School class.

Before attaining the office of District Judge he had previously served as Prosecuting Attorney of Recorder's Court and Recorders' Judge for many years in Chowan County.

As a Judge he was always courteous and fair to all parties, including those accused of crime and tempered his judgments and sentences with mercy. His administration of the office of Judge was without adverse criticism. He was highly regarded by members of the legal profession throughout the district.

We do further resolve to record our feeling of loss upon the occasion of the death of Judge William Scott Privott and to extend our sincere sympathy to his wife and son and to order a copy of this Resolution be incorporated in the minutes of this meeting and that a copy be sent to his family.

## Social Security Questions-Answers

**Q.** I will be 65 in a few months, but I will continue to work. My earnings will be about \$10,000 a year. Can I get Medicare?

**A.** Yes, you do not have to retire to get Medicare protection. Just be sure to sign up for it at your social security office.

**Q.** If I should become too disabled to work, when should I let my social security office know?

**A.** As soon as it appears that your condition is going to last at least 12 months.

**Q.** If I rent out my entire farm or a portion of it for cash rent, can I report this income as social security earnings?

**A.** If you do not participate in the farming operation, the cash rent is not considered "income" for social security purposes.

**Q.** I am 66 years old and have never signed up for the supplemental medical insurance under Medicare. I've now decided I want this insurance. When can I sign up?

**A.** You may sign up anytime during the period of January 1 through March 31, 1970. Although you may sign up during this period, your medical insurance will not be effective until July 1, 1970.

**Q.** My first child was born nine years ago and I haven't worked since that time. I had worked under social security for about seven years when I quit. My husband says that if I should die, the children would receive nothing from my social security. Is this right?

**A.** No. Each child would be eligible for a monthly payment from social security. A change in the law last year made this possible. Before the change, a woman must have worked until shortly before her death in order for her children to be eligible for social security payments.
