THURSDAY, JULY 16, 1970

## Public Parade

Continued from Page 1

being some 90 miles away. An interstate is a four to six-lane highway where a truck will walk off and leave you at 70 mph.

This, however, is one of the things we are working on. Upon returning we found John Mitchener had been named coordinator of a steering committee to bring the State Highway Commission to Northeastern North Carolina. In the same edition of our most favorite afternoon daily hereabouts, was a story that the U.S. 17 project was on the commission's August agenda. If they dump \$20-million here we'll faint but coming to will be such sweet relief.

Highways are not among our strong suits. There is evidence some trump cards just may be dealt in the not too distant future.

Over the past couple of years the Albemarle has discovered the benefits of being able to agree. We'll raise hell with outsiders, though, until we can get their attention. (i. e. Sen. George Wood vs. Launch Faircloth and vice versa).

The State Highway Commission and improvements to our highway system are both welcome. Most things we have or can get in short order. Highways are among those things which must have priority or we'll never enjoy the sweetness derived from total development.

## SCHOOL POSITION FILLED

Continued from Page 1

basketball player for two consecutive years. After graduating in 1951, he served a tour of duty as medic in the U. S. Navy.

Underwood and his family are members of Cedar Falls Baptist Church in Fayetteville where he has served in numerous capacities. He has been Sunday School Superintendent, presently on the board of deacons, and Sunday School teacher in the Junior department. In addition to various committees he has coached the Cedar Falls basketball team and participated on the men's softball team.

Underwood is married to the former Miss Paige Lilley of Gates County. They have two daughters, Corinne, age 10 and Bonnie, age eight, and one son, Jim, age five.

Many Chowan County residents may remember Underwood as a faculty member at Chowan High School 13 years ago. The Underwoods are returning to the area and look forward to renewing friendships, educational opportunities, enjoying the water and water sports, but above all being with people who love living and know how to live, said Supt. Bill Britt.

## ACTION ON PARK

Continued from Page 1

wards the purchase of the two tracts then he would recommend that the building inspector investigate action to carry out the recommendations of the chamber committee.

There was no objection from councilmen.

Then the mayor made his proposal for a town park. He said it could not be accomplished overnight since 25 to 50 acres would be involved. "But we must start if we are to remain a progressive community," he noted.

He said there were both advantages and disadvantages to such a facility for those who visit the area as well as citizens with more and more leisure time. "But the advantages greatly outweigh the disadvantages," he said.

Mayor Byrum said: "The park is something we don't have to have. But a progressive community goes in this direction. Other towns are having bond elections for parks."

The mayor also commended owners of Edenton Restaurant, Bass Sunoco and E. L. Hollowell for recent efforts to beautify property on main highways. "This helps a great deal to leave a better impression," he said.

When you put off work until tomorrow, you put off profits until next week.

## Heard & Seen

"By Buff"

Thanks to John A. Taylor who gave me a clipping from the Concrete (Wash.) Herald which has to do with Communism. The clipping follows:

**What Communists Said 51 Years Ago**  
If you think most of the problems that beset the world and our nation today just happened that way; if you think it is a natural trend born of the modern age; if you think that it will suddenly all dissolve when we, the people, get tired of being bothered, then read an excerpt from a file on "Communist Rules for Revolution," published before 1919. The file was obtained by the armed forces in Dusseldorf, Germany. These were the instructions issued to those who were to bring about world revolution:

A. Corrupt the young, get them away from religion. Get them interested in sex. Make them superficial, destroy their ruggedness.

B. Get control of all means of publicity and thereby:

1. Get people's minds off their government by focusing attention on athletics, sexy books and plays and other trivialities.

2. Divide the people into hostile groups by constantly harping on controversial matters of no importance.

3. Destroy the people's faith in their natural leaders by holding the latter up to contempt, ridicule and obloquy.

4. Always preach true democracy but seize power as fast and ruthlessly as possible.

5. By encouraging government extravagance, destroy its credit, produce fear of inflation with rising prices and general discontent.

6. Foment unnecessary strikes in vital industries, encourage civil disorders, and foster a lenient and soft attitude on the part of government toward such disorders.

7. By specious argument cause the breakdown of the old moral virtues; honesty, sobriety, continence, faith in the pledged word, ruggedness.

C. Cause the registration of all firearms on some pretext with the view of confiscation of them, and leaving the population helpless.

This quite definitive treatise was first given public notice when it was printed in the Bartlesville, Oklahoma, Examiner-Enterprise. Printed but no one gave it much thought. Just 51 years later those who were given the plan of attack can check full 100 per cent success in their efforts. We are sure there is now another such set of instructions, going on from where these left off. This time past history presents full reason to be concerned, if not completely frightened. Your enemies are patient but thorough. Your greatest enemy, however, is your disregard for the danger signs.

Then another little item I came across the other day is worth reading. Here 'tis:

### LEARN

Learn to laugh—a laugh is better than medicine.

Learn to attend to your own business. Few men can handle their own well.

Learn to tell a story. A well-told story is like a sunbeam in a sick room.

Learn to say kind things—nobody ever resents them.

Learn to avoid nasty remarks—they give neither the hearer nor the speaker any lasting satisfaction.

Learn to stop grumbling. If you can't see any good in the world, keep the bad to yourself.

Learn to hide aches with a smile—nobody is interested anyway.

Learn to keep troubles to yourself—nobody wants to take them from you.

Above all, learn to smile. It pays!

Thanks to Mrs. Will Harrell, I had a delicious dessert for a meal Wednesday. It was because her husband Will had a birthday and Mrs. Harrell baked a cake (and she bakes very good ones, too). Friend Will celebrated his 81st birthday and here's extending congratulations to him and many thanks for a big hunk of very good cake and ice cream to go with it.

## EIC IS GIVEN

Continued from Page 1

June 1, and operates in Chowan, Dare, Gates, Hyde, Pasquotank, Perquimans and Washington counties. This program serves 240 children from low-income families. The children are all of pre-school age and are given a complete medical and dental examination and are fed a hot lunch and morning and afternoon snacks. Hot breakfast is provided where needed.

The third grant announced is from the Department of Labor in the amount of \$240,880 to provide jobs for young men and women for the summer months in the 10-county area, through the Neighborhood Youth Corps.

The enrollees can work no more than 24 hours per week at a rate of \$1.45 per hour and are assigned to public works and non-profit organizations. The user agencies must agree to provide on-the-job supervision. A total of 572 youth will be included in the summer program and all have signed statements of their intent to return to high school in the fall.

Lowe, in a statement, expressed appreciation to all the many local leaders and people within the 10-county area for their loyal support in helping EIC and its board of directors and staff in developing a program designed to meet as many needs of the poor as possible within the budget limitations.

"EIC now has some 130 full-time employees and the \$1,608,899 federal money is like a major industry serving the area," he said.

The art of cooking does not end with the preparation of plain food.

# Council Adopts Budget; Balks On Removal Of Lights

Edenton Town Council adopted a record budget for fiscal 1970-71 which carries a reduced tax rate and voted down the line for safety over rapid movement of traffic.

The budget, approved some weeks ago, totals \$1,270,559.23. The tax rate is \$1.10 per \$100 valuation — a 10-cent reduction.

Mayor George Alma Byrum, hospitalized when the budget was approved, said he is pleased the council will be able, even with added expenses and improvements, to reduce the tax rate. He commended councilmen and Town Administrator W. B. Gardner for their work on the budget.

Gardner presented a letter from State Highway officials requesting action on previous recommendations concerning stop signals. Council approved removal of the flasher at Queen and Mosley streets and the stop light at Oakum and Freeman and the upgrading of lights at two other intersections.

However, councilmen objected to removal of the light at Oakum and North Broad and Oakum and East Church streets. Councilman Leo Katkaveck asked if the highway department was interested in moving traffic or safety?

He was joined by other councilmen and Police Chief J. D. Parrish in objecting to the removal of some signals. They pointed out the number of school children crossing Broad Street at Oakum and the blind corners at Oakum and East Church streets.

Chief Parrish reported the delivery of a radar for catching speeders. He said it was a gift from the Safety Division of the N. C. Department of Motor Vehicles.

Mayor Byrum noted that Chowan County commissioners had failed to budget funds for participation in the town's sanitary land fill. Gardner recommended the area be locked when an attendant is not on duty and charges be made for those who use the dump.

## Training Planned

The Albemarle Firemen's Association will sponsor a training conference on motorized transportation emergencies in Hertford on July 23. The session, arranged by Charlie Skinner, association president, will begin at 7:30 P. M., at the Perquimans County Office Building complex on U. S. 17A.

Training Committeeman Joe Barber of Winfall Fire Department said Dan Hinchman and Bill Nelson, safety representatives with the American Oil Company of Yorktown, Va., will conduct the training. The conference will feature fire fighting methods on vehicles transporting LP gas, gasoline, chemicals, and hazardous materials. There will also be a display of trucks that transport some of these materials for observation by the firemen attending this demonstration.

Capt. Carroll Byrum of Center Hill-Crossroads Volunteer Fire Department, encourages fire fighters in Chowan County and the surrounding area to attend this training. Other citizens interested in this type training are also invited.

The Albemarle Firemen's Association conducted a training session in Elizabeth City recently on railroad derailment emergencies. Some of the fire fighters attending the session were called to respond to the derailment in Pasquotank County a few weeks later.

## Lawns Subject

Edenton Jaycees will continue their beautification program this month with selection of one homeowner to receive the lawn-of-the-month prizes.

John Smith heads this committee and lawns will be judged by an impartial group. Prizes are donated by local merchants in cooperation with Jaycees.

For a number of years Jaycees have promoted beautification by sponsoring this lawn contest.

## Concert Is Slated

Chowan Arts Council will sponsor a summer concert here featuring the Waccamaw Boys' Home Choirs. The event will be held at 7:30 P. M., July 27 in Swain Auditorium.

Tickets are now on sale. There will be no charge for children.

Ed Miller is director of the choir and Mrs. Miller is accompanist.

It has been announced that the choir will appear at 7:30 A. M., the day of the local concert on Channel 9-TV in Greenville.

Sam Hill, chairman of the Boys' Home All-Star Game for Jaycees, will also give a presentation on the Lake Waccamaw facility at the concert here.

The test of sincerity is the willingness of an individual to do something without compensation.

Councilman J. D. Elliott said the town had little choice and made the motion.

Also, the council voted to comply with state pollution regulations by July, 1972, if not before.

Gardner reported that investigation revealed "more and more gray areas" in Edenton and Chowan County with regards to the census. He said while census officials were due here Thursday they have not contacted him yet.

Councilmen voted to make every effort possible to get an accurate count.

Action was delayed on the purchase of new street signs.

Progress was reported on the water

and sewer project as well as the purchase of land by Edenton Housing Authority for 100 low-rent public housing units.

Mayor Byrum got approval to have a meeting with downtown merchants to discuss new sidewalks.

Councilman James C. (Pete) Dail reported on the summer recreation program. He described it as the best ever sponsored by the town.

Mayor Byrum welcomed Clyde Hollowell as councilman from Fourth Ward and a resolution was approved citing Fire Chief Luther C. Parks for 15 years of service as a councilman.

## Mrs. Bell Wins Red Carpet Prize

The third group of prize winners in the Red Carpet Days promotion of Edenton merchants has been drawn by Police Chief J. D. Parrish.

Mrs. F. W. Bell of Edenton won first prize—\$175 in merchandise certificates. The other winners and the amount of certificates are:

Mike Spruill of Roper, second, \$120; Melvin Bunch, Route 1, Edenton, third, \$115; and Johnetta H. White, Pembroke

Circle, fourth, \$105.

Mrs. Bell registered at Tarkington's; Spruill at Twiddy Mobile Home Sales; Bunch at George Chevrolet; and Mrs. White at Edenton Shell Service.

Forty-seven merchants are participating in the six-week promotion with \$515 in merchandise gift certificates awarded each week. Merchants who are participating and contest rules are printed elsewhere in The Chowan Herald.
