By Kate

I'm home again and so glad to be here, with Buff near at hand and this home so dear. I'm just as lucky as I can be, Please come by and visit with me.

Today (Wednesday) is a memorable day for me. I'm home again from the hospital and it's my birthday. My faithful Hazel is here, so much of a friend and help to me; the birds are all around me; and God's in His Heaven. My neighbors are so kind—Mrs. Ida Mae Roberson brought me a lovely rosebud just now. This is all for now. Come by and visit me, won't you?

Movable ladders should be strong, in good repair, and stored in a dry place. Broken or rickety ladders should be destroyed. Many people are injured when they fall from ladders placed against a building at too steep an angle for stability, or too flat an angle to provide sure footing.
