**KEEP IT CLEAN**  
By Virginia M. White

DEAR MISS WHITE: Now that summer is upon us I spend much of my free time gardening, but what do I do about grass stains? FLOWER POWER.

DEAR FLOWER: Rubstained area with a small amount of heavy-duty liquid laundry detergent. Wait at least 30 minutes to allow stain to loosen. Machine wash in hot water (150 degrees or more) with 1/4 cup Super Cleaner, 1/2 cup NON-chlorine bleach and additional detergent as needed.

DEAR VIRGINIA WHITE: Almost every detergent on the market today contains enzymes, and they all claim to get out stains, but they just do not work well enough for me. Is there any product I can use that will work on all stains? MRS. S.M.

The fully mature antelope is a 100-pound trimmed down racing frame of nervous energy, capable of sprints that have been clocked at 60 and a sustained gallop at 40 miles an hour.
