Letters To The Editor:

Dear Editor:

I want to take this opportunity to show my concern, and I am sure there are many other parents that feel the way I do.

I am referring to the "pop" festival that was held on the grounds behind the Municipal Building this past Labor Day weekend. I for one do know where my children (at least one) were, anyway, was and what was going on. The other was headed back to college.

Martin Parker, one of the so-called long-haired children, was the organizer of this festival. Clean and wholesome entertainment was enjoyed by from 300 to 800 people.

Other long-haired, and I emphasize the words LONG-HAIR were involved in this get together. Because they have long hair does not mean they are bad. True, I believe they should be clean and neat, but I wish the public would stop condemning the kids because they have long hair.

I deal with the public and I hear comments every day about it.

Just to name a few of the so-called long-haired-kids involved, these are gentlemen, not kids. David Copeland, Frank Cox and many others alike are really good citizens.

I want personally thank Bill Gardner, Mayor Byrum, Martin Parker, the Police Department and any others that made this available for the youngsters on what would have otherwise been a dull holiday weekend in Edenton.

There were children here from as far away as Norfolk and Great Bridge. Many rock groups were here. The boys from the different bands played with each other and everyone enjoyed it.

I for one am proud this happened in Edenton instead of one of the other towns.

I hope there are more of these get together for the youngsters and I think there should be places such as the armory, school auditorium or other places set aside for such as this.

Of course, all this must and should be, providing the children and entertainers behave and set an example for the rest of the generation, so to speak.

Yours truly,
A PARENT.

Social Security Questions-Answers

By DONALD S. MORRIS
Field Representative

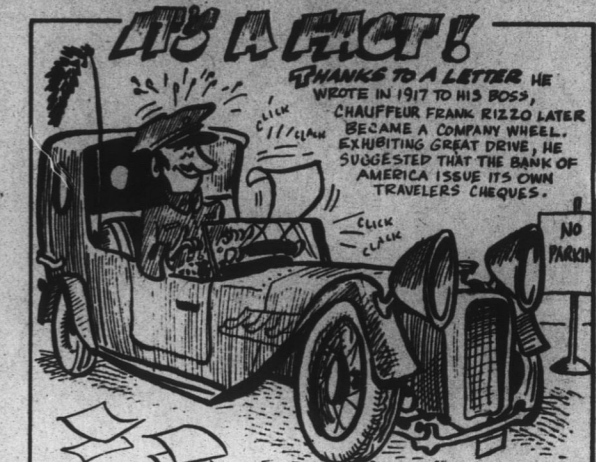

Q. I have an aunt who died recently. She was receiving a social security check each month. I am her closest relative and assumed responsibility for the funeral expenses. Do the funeral expenses have to be paid before I can file a claim?

A. No. You can file an application with the Social Security Administration authorizing us to pay the funeral home directly. We could pay either \$265 or three times her monthly check, whichever is the lesser amount.

Q. I checked my record last year and was told I had the maximum number of quarters I needed. Will I get the maximum social security check when I retire?

A. Probably not. There is no direct relationship between the number of quarters you have and the amount of your social security check. Your social security check will be dependent upon your average earnings during your working years.

Q. I live a long distance from the nearest social security office. Do I have to go to the office to get a social security card?
