

## BROAD STREET BULLETIN...

By Kate

WITH SOME GOOD AND SOME BAD DAYS, EARLY THIS WEEK THE WRITER OF THIS COLUMN EXPERIENCED SOME OF THE "NOT SO GOOD" DAYS, SO THAT SHE WAS AGAIN UNABLE TO WRITE HER COLUMNS.

### Holmes Highlights

Since the middle of summer, the varsity cheerleaders have been raising money to buy new wool uniforms.

Sponsoring a car wash, rummage sales, individual bake sales and the sale of spirit ribbons has almost completed the fund-raising.

In a formal, candlelight ceremony, the officers of the Edenton Chapter of the Distributive Education Clubs of America were installed last week. Mike Butler assumed the duties of president; Terry Sartain, vice president; Catherine Butler, secretary-treasurer, and Beverly Whitehurst, parliamentarian and chaplain.

Horace Robertson, the DE coordinator from Greenville, performed the installation. DECA is the newest club on the Holmes High campus and is sponsored by Marcus McClanahan.

This year the Edentonian is supervised by their new editor, Bob Jordan, with Mrs. Byrum, Miss Cherry and Mrs. McClanahan as advisers. The staff, along with the junior editor, Elaine Burke, has been making progress toward completion of layout. School pictures were made this week, and plans for the yearbook subscription campaign is underway.

Starting this year you will not be seeing as much of the driver's education cars. For the most part, students will now be driving on their new range in the rear of the high school. Instruction is given by Donald Booth and Henry

### Norvell Pushes Cancer Crusade

Bill Norvell, Chowan County Cancer Crusade Chairman, will lead Chatham County in the 1970 educational and fund raising Crusade of the American Cancer Society beginning in October.

"We're out to tell people that it's what they don't know about cancer that can hurt. We mean to instruct them in personal ways of protecting themselves against cancer," he said.

The emphasis is on action in the 1970 Crusade.

Volunteers in Chowan County will be marshalled to bring home the message — "Fight Cancer with a Checkup and a Check".

The crusade has a triple aim this October. First, to encourage every member of the community to have a regular health checkup, including cancer tests.

Second, to teach people protective measures against cancer. By that is meant personal action, for example, the use of caution in the sun to avoid skin cancer. Another example is quite famous—an end to cigarette smoking to prevent most lung cancer.

Third, to raise the money to support vital ACS programs of research, education and service to cancer patients. "We look to the laboratories for the final solution to the cancer problem," Mr. Norvell said. "Today there are 1.5 million Americans alive and cured of cancer. What tomorrow may bring depends on the imagination and expertise of scientists and the support of us all."

## Hawk or Dove?

It's that time of year when the Hawks declare war on the doves. The Hawks, of course, are the many hunters in our area.

Oddly enough, about this time of year, your telephone service may be interrupted temporarily, due to aerial lines and cables which have been severed by shotgun pellets or rifle slugs . . .

We hope every hunter will be lucky enough to get his bag limit everytime he goes out. But, please fellows, don't shoot that bird sitting on a telephone cable!

Be a sport, and let just one get by you . . . the folks who use our telephones will appreciate it—
