stock production. This has brought Japanese consumers more meat and poultry at better prices; it has opened opportunities for Japanese farmers for new and profitable livestock enterprises; it has meant an important and expanding feed grain market for world agriculture . . .

"Almost the whole range of U. S. farm commodities finds Japan a leading customer.

"Japan wants, needs, and can afford these products, and the U. S. can supply them in any system of international trade in which price, quality, and availability are the primary factors . . .

"In a world of competition, export expansion means salesmanship and service as well as price, quality, and availability. The producers and marketers of the major U. S. agricultural products have understood this, and they support some 68 private trade organizations formed to develop markets overseas in cooperation with the Department of Agriculture. This is, of course, a mutual effort—with many strong Japanese organizations bringing to it their special knowledge, their special abilities."

In closing, Agriculture Secretary Hardin gave special recognition to the trade organizations for the three commodities which last year accounted for two-thirds of total U. S. agricultural exports to Japan — feed grains, soybeans, and wheat.

Surratt Heading Mental Health Drive

Appointment of Thomas M. Surratt of Edenton as chairman of Chowan County's 1970 mental health fund drive was announced today by Mrs. Leif Valand of Raleigh, president of the North Carolina Mental Health Association. Sunday, October 18, has been officially set as "March Day" for the drive.

Funds from the drive will be used to fight mental illness, which the American Medical Association describes as "America's most pressing and complex health problem." Mrs. Joan White of Edenton is among community leaders recruiting volunteer workers to visit their neighbors on that Sunday to distribute information and to receive contributions.

Surratt, formerly assistant director of Rowan Memorial Hospital in Salisbury, became administrator of Chowan Hospital in December, 1967. Involved recently in the work on October 18," Surratt stated.

The NCMHA, a division of the National Association for Mental Health, has four major program emphases; (1) the provision of more and more adequate mental health services at the community level; (2) the provision of a wider range of mental health services for children; (3) improved care and treatment for hospitalized mental patients, and (4) a more adequate program of aftercare and rehabilitation for former mental patients when they return to their own communities.

"Citizens of Chowan County can help in these programs
