Service Policies Are Now Revised

William S. Elliott, chairman of Board No. 21 has announced that Selective Service policies have been revised to allow a registrant classified in II-S, I-S(C), I-S(H), III-A (Hardship), or III-A (Fatherhood) to drop his deferment in favor of a I-A classification, provided the registrant requests in

writing that his current deferment be cancelled. This change in policy should be of particular interest, he said, to selective service registrants who hold 1970 lottery numbers higher than the highest number reached by the board. As of November 5, he stated that the highest lottery number reached by this local board is 164.

"It is not anticipated," Elliott added, "that this local board will exceed number 164 as a high for this calendar year; therefore, it will probably be to the advantage for a registrant who holds a 1970 lottery number, and who is currently deferred in II-S, I-S(H), I-S(C), II-A, III-A (Hardship), or III-A (Fatherhood), to request the board to cancel his deferment if he has a lottery number higher than 164". Elliott further pointed out that if such a request is received by the board from such a registrant, he will be reclassified in I-A. This action will permit the registrant to be placed in a lower draft priority during 1971.

Popes Store Plans Big Sale

Popes Store in Edenton will join the other 59 stores in the popular and rapidly-growing variety chain in the two Carolinas in celebrating its 39th anniversary with a mammoth sale expected to draw thousands of people.

Plans for the chain-wide birthday celebration were announced today by Gladys Griffin, manager of the local Popes store.

The sales event at the Popes stores will continue through Saturday, November 14th. "This isn't just another sale," declared Gladys Griffin. "It is an event designed to show our appreciation to the loyal customers for their continued patronage which has helped the Popes Stores to become one of the largest variety chains in the South." The local manager pointed out that outstanding values will be offered in every department.

"We aren't offering shopworn merchandise or trying to unload excess items," she pointed out. "Our buyers have been on the market for months buying top-quality merchandise especially for this anniversary sale."

Because of its enormous buying power for 60 different stores, Popes buys in big quantities for less and is, therefore, able to sell for less, it was pointed out.

Head of the growing chain of Popes Stores is John W. Pope of Raleigh, a dynamic and aggressive young merchandiser and one of the top merchants in North Carolina and the Southeast.

The barbecue sale will be held at the Chowan Community Building in front of Chowan High School.

Tickets can now be purchased from any Ruritan member.

The public is urged to support the sale and help furnish a new hospital room.
