**DONALD JOHNSON SMALL**

Mr. and Mrs. Leonard Small announce the birth of a son, Donald Johnson, in Chowan Hospital on November 29. Mrs. Small is the former Charlotte Leary.

We have **Accutron®** by Bulova

The watch he wants for Christmas.

**ACCUTRON "425"** Full Roman dial. \$135.

**ACCUTRON "226"** Railroad Approved. \$125.

**DATE AND DAY "8"** Blue dial and strap. \$175.

This Christmas, give him the extraordinary watch... ACCUTRON by BULOVA. Instead of the usual wheels and springs, Accutron has a tiny, electronically-driven tuning fork whose vibrations split each second into 360 precise little intervals. Ordinary watches have balance wheels. The balance wheel splits the second, too. Into 5 or 10 intervals. And not so precisely. That's why balance wheel watches can't compete with tuning fork time.

Because of that tuning fork, we can guarantee Accutron accuracy to within a minute a month\*.
