1971 Wheat Yield
Wheat producers that elect to establish a yield based on actual production rather than use of yield established by the county committee on a judgment only may do so.

To prove yield, you must have harvested wheat acreage in each of the years 1967, 1968 and 1969 and show proof of production on harvested acreage. A written request must be presented within 15 days from date of notice.

Production data timely filed will be considered before notifying wheat producers of the 1971 official farm wheat yields.

1971 Tobacco Notices
Tobacco notices showing the 1971 effective allotment and quota were mailed to all tobacco producers December 22. The notices reflect any

State Agency Calculator Out

RALEIGH — The computer and consumer have been joined in the holy bonds of money saving by a calculating device made available by the N. C. Department of Agriculture.

It's called "The Comparison Shopper" by which man-homewife can quickly determine the cost per ounce of any pre-packaged item in the store by thereby dialing the number of ounces to the cost of the package. The answer appears in a little window on the outer wheel. "The Comparison Shopper" is a clever little calculator that fits nicely in a wallet or pocketbook," commented Agriculture Commissioner J. A. Graham. "And if the home budget watcher uses it, she can tell right off what her cost per ounce is. She can make quick comparisons of competitive items and thereby save money."

To get your "Comparison Shopper," write: Commissioner James A. Graham, N. C. Department of Agriculture, P. O. Box 27647, Raleigh, N. C. 27611.

undermarketings or overmarketings for each farm. If you have any questions, please come in the ASCS office and discuss them.

1971 Feed Grain, Wheat and Cotton Programs
The signup period for feed grain, wheat and cotton programs will be March 1 through April 9, 1971.

Feed grain and cotton participants must set aside (idle) 20 per cent of base allotment and plant all the feed grain or cotton they wish. Payment will be figured on 50 per cent of feed grain base whether he plants or not. If no corn is planted, he will automatically receive payment on 50 per cent of base. At least 45 per cent of base

must be planted to save base acreage for 1972. Cotton payments will be based on cotton planted up to 90 per cent of base acreage. If 90 per cent of base acreage is not planted, the payment will be reduced. Cotton must be planted in order to earn a payment.

1971 ACP
The White House has announced the ACP for 1971. Program details of the 1971 ACP will be announced later.

Herbin Joins Ahoskie Law Firm

L. Herbin, Jr., of Greensboro, Monday will join the law firm of Jones, Jones & Jones in Ahoskie. The announcement was made this week by Carter W. Jones.

Time, life, thoughts, feelings, Hurt, despair, pain, troubles, All these things are me. I have to make out—for life!

Seconds, minutes, total to hours, That's what make the days. They all add up—when? A tour—one year over here.

Slow, motionless, creeping, That's how it goes, it seems. But, one day soon, all will be—HOME again, I'll see!

Pictures, memories, all the times, "The good, the bad and the ugly," A good phrase which explains This life here for me.

Time—it's going, I can tell; Work, play, don't think—just pray. Soon to be back HOME with you and Thee. Forever, always there.
