

Class Reunion Held in Suffolk

The 1934 class of Chowan High School celebrated its 37th Class reunion Saturday night at Robinson's Restaurant, Suffolk, Va.

Mr. and Mrs. Wilbur Privott, Mr. and Mrs. E. P. Jones, Sr., greeted the class members and their husbands or wives as they arrived and introduced them to others present.

Class colors of Green and White were carried out in the table centerpieces and decorations in the dining room. Mrs. Beulah W. Gaylord presented each class member a white rosebud which she said came from a cutting of the original rose bush used in 1934.

Wilbur Privott, class president, welcomed the group and Hallett Perry of Hampton, Va., gave the invocation. After the meal Mrs. Marguerite W. Jones, secretary called the roll and each member answered by giving a brief resume of their life since high school days.

Surviving are a daughter, Mrs. William Bryant Stallings, Route 1, Belvidere; two brothers: Lumis Brinkley of Hampton, Va., and Coley Brinkley of Portsmouth, Va.; three grandchildren and two great-grandchildren.

Funeral services were held Tuesday at 3:30 P. M., in the Eureka Baptist Church by Rev. J. H. Davenport with burial in the church cemetery.

Pallbearers were Thurman Brinkley, Wallace Middleton, Beverly Johnson, Jr., Charlie Hughes, Donald Ray Hughes and Vernon Knight. Swindell Funeral Home was in charge of arrangements.

Light Gives Heat

A 30-story headquarters building burns lights all night, saves money, and helps ecology in Portland, Ore.

The lights maintain the heat level in the building of Georgia-Pacific, largely without help from any other energy source. This highly efficient energy conservation system during the day reclaims heat generated by human bodies, office equipment and solar heat from outside the building. At night, when fresh air requirements diminish the heat, the lighting system maintains required heating levels in the building.

There is sufficient heat from the internal sources to handle the entire heating requirements in the building until the outside temperature falls into the 30 to 40 degree range.

Editorially Speaking....

We're not putting down the Mod generation (technically, we're ultra mod), but we wonder if it hasn't missed something along the way?

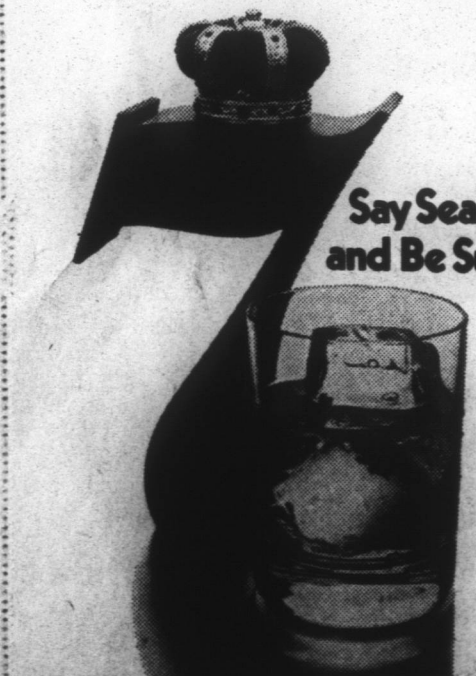

Of course, we're old enough to remember how things were back when—grass was the stuff kids cut during summertime; a hangup was what you did with clothes after Mom threatened; you ate bread; you did your thing to contribute something worthwhile to yourself, your family and your community, and you were so involved doing it, there was little time to ponder the question, "Who am I?"

And the Fourth of July was a day to enjoy, not because it was another holiday, but because it still contained the substance of meaningfulness . . .

We don't contend they were all Good Old Days — but they weren't really so bad either. Were they?
