

Owl Hoots and Screeches . . .

By MRS. NELLIE M. SANDERS
Director Pottery Regional Library

being planned, the committee anticipated attendance of approximately 50 librarians at each session. Imagine our delight (and feelings of panic) when 80 pre-registered and over 100 people showed up for the first one. The hostess librarian, Mrs. Betsy Parmele of the Robeson County Library, rose nobly to the challenge and there were no real problems. This was the first conference ever attended for many of the librarians present, including many bookmobile librarians. Since there was lots of discussion time planned, much interchange of ideas took place.

The next two sessions are being held in Hendersonville and Asheboro, so I will be traveling to the western and central parts of the state next week. The final workshop for the eastern section of the state will be held in Roanoke Rapids on September 26 and 27.

Mrs. Davenport Taken In Death

Mrs. Verna Brickhouse Davenport, 95, died Saturday in Chowan Hospital.

A native of Tyrrell County, she was the wife of Ellis Robert Davenport and a daughter of Franklin L. and Mrs. Sarah Norman Brickhouse.

She was a member of Mt. Pleasant Baptist Church.

Mrs. Davenport formerly taught in the Tyrrell County public schools.

Besides her husband, she is survived by one son, Russell E. Davenport of Fayetteville; one daughter, Mrs. Ruth Bunch of Edenton; one brother, Rev. Robert E. Brickhouse of Sanford; four grandchildren and three great grandchildren.

A funeral service was held Monday in Mt. Pleasant Baptist Church by Rev. Ralph Knight. Burial followed in Beaver Hill Cemetery.

Colonial Funeral Home was in charge of local arrangements.

REVIVAL PLANNED

A week-long revival will be held at the First Christian Church, September 25 through October 1. Rev. P. E. Cayton will bring a message each night. Services are scheduled to begin each evening at 7:30 o'clock. Their annual homecoming will be celebrated on the last day of the revival with lunch being served on the church lawn immediately following the morning service.

The reason most people work is that when labor ceases, the pay check falters.

Getting a \$20 picture on a \$600 TV set?

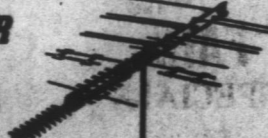

Chances are your present TV antenna is picking up electrical noise and interference along with TV signals, and delivering muddy color that robs you of peak TV viewing pleasure.

Only the new Quantum antenna from Channel Master has the power to block this interference and deliver the sharper, brighter color you're entitled to!

And, the new Quantum has the physical strength to stand up to hurricane force winds and heavy snow loadings to deliver your TV money's worth longer.

The Quantum represents an entire new concept in TV antennas, engineered to fight the growing problems of electrical noise and interference.
