

# Bonner Speaks Out Against Busing Jones Asking For Rail Cars

Now that schools have opened again, J. Jordan Bonner, Republican candidate for the U. S. House of Representatives from the First Congressional District, is being asked about his stand on busing. He has issued the following statement:

"I am against busing to achieve forced integration. Every so-called conservative politician says that he is against busing in order to achieve racial balance. This is, of course, only a political escape phrase. The truth of the matter is that no court has ordered busing to achieve racial balance.

Busing has been ordered for the purpose of desegregation, and there is an import legal difference. Desegregation is an effort to eliminate essentially one-race schools; racial balancing is an effort to es-

ablish a racial quota to every school. "The real issue is whether the courts have the power to dictate to the people, and why Congressmen have not taken any real positive steps to check their actions. I am against force integration. I am against the court ruling that freedom of choice is unconstitutional. When freedom of choice is lost, freedom itself is lost. It is time the people take positive action to preserve their freedoms. I am for a return to freedom of choice and the neighborhood school concept.

"It seems that the Supreme Court is taking over more and more things, and I think this is wrong. Somehow or other, this country is heading to-

ward socialism and dictatorship and away from democracy. "The courts have used the black people in this country to achieve their socialistic goals and have stripped them of their identity as a people. It is an insult to tell a black child he can learn only when he is surrounded by whites. Blacks should have the same opportunity to attend quality, well-financed schools of their own choice.

"Busing, or forced integration, is not the answer to this nation's educational problems. We must develop highly qualified teachers, build modern schools in more neighborhoods. Citizens should have an unqualified right to reap the full benefits of the community in which they live."

# Roger Spivey Promoted After Completing Study

Larry Lawrence, district forester of the N. C. Forest Service, has announced the promotion of Chowan Forest Ranger Roger Spivey to forest technician. The advancement is the result of intensive training, study and field work in forest management and forest fire control.

A comprehensive study and analysis of Chowan County's forest resources and a long range plan to improve the county's timber resources was initiated by Spivey last year. Recently Spivey completed the first year of the plan and exceeded the annual goals. His efforts in reforestation

were especially noteworthy. Ranger Spivey won the district seedling sales contest by selling over 150,000 tree seedlings which were planted in Chowan County on private woodland. Ranger Spivey is a graduate of East Carolina University and has been with the N. C. Forest Service since 1960. His wife is the former Mac Boyce of the Rocky Hook community. The Spiveys reside in the Hobbsville-Gliden area. They have one daughter and a brand new boy. Ranger Spivey is a man on the move.

ROGER SPIVEY

# Aces Stomp Hertford, To Play Here Friday Night

Edenton traveled to Perquimans County last Friday night for the second game of the AA Conference, running up a score of 35 to 6 and thoroughly trouncing the Pirates. Thomas Slade, Percy Perry and Arnold Brothers scored six pointers each in the first quarter of action.

Aces' freshman quarterback Willey Holley fired a long pass to Slade for a touchdown early in the first quarter, and Perry crossed the goal line for the two point conversion. It wasn't but a few short minutes until Perry ran about 18 yards for the second score. Ralph Garrett put the icing on the cake with a successful kick for the extra point. At the close of the first quarter, Brothers made an outstanding 45 yard dash for the third score of the first quarter.

The Pirates made their only score with a pass from Barry Ford to Keith Rouse who slipped down the sideline away from the Edenton secondary. Perquimans fumbled close to midfield in the second quarter for a turnover to the Aces. On the next play Edenton capitalized on the error when Brothers streaked in for a 42-yard score.

It was half way through the third quarter before Edenton hit pay dirt again. Quarter-

back Bill Chesson, on the keeper, cut toward the visitors' sideline and edged into the end zone for the final touchdown of the evening.

Once again Garrett kicked the point after. In the latter part of the fourth quarter, the Pirates

## Stabilization Questions and Answers

Q. Are professional fees subject to post freeze stabilization program controls?

A. Yes, such fees are prices which are governed by the regulations of the Price Commission.

Q. May a retailer who does not have the required display of base prices in his store raise his prices?

A. No, the Price Commission regulations specifically require the retailer to prominently display the base price of either those 40 items in each department which have the highest sales volume or those items which amount to 50 per cent of total actual sales for the department, whichever is less. These displays must be posted before January 2, 1972, and no price increases are allowed until they are posted.

penetrated deep into the Aces' place in the death valley of territory but the clock was Edenton, Hicks Field, when faster than their strategy. The Aces meet the Plymouth. This week action will take Vikings.
