Eddy To Speak At St. Paul's

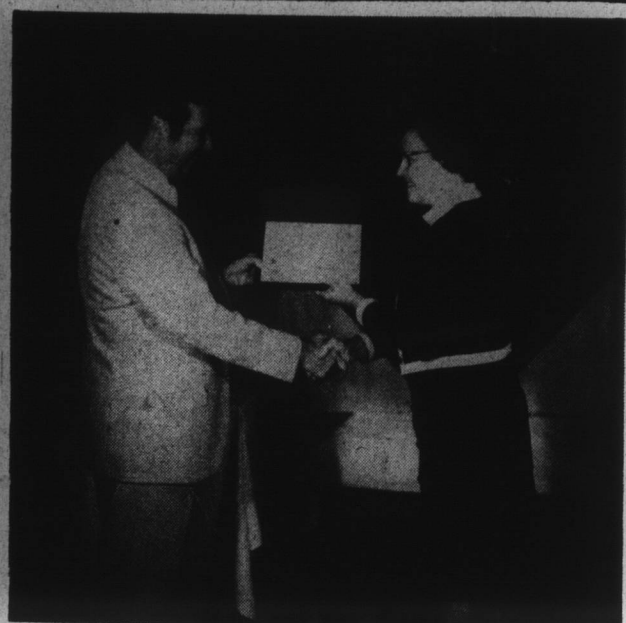

Lyman Eddy, lay member of "Faith Alive" board of directors from Washington, D. C., will address the members of St. Paul's Episcopal Church on Sunday.

The first in a series of parish pot-luck suppers is planned for Sunday at 6:30 P. M. in the Parish House. Members of the parish will bring food to share. Members of the Churchwomen, Brotherhood of St. Andrew and Young Churchmen are requested to assist with the supper preparations.

The "Faith Alive" movement is an approach to spiritual discovery and growth through laymen sharing their faith and group interaction. "Faith Alive" exists to encourage these things in the Episcopal Church, in an exciting new way.

Soil Conservation Employees Are Given Awards

Three Soil Conservation Service employees headquartered in Edenton and a Chowan County native headquartered in Davie County were recently honored for special performance of their assigned duties at the annual soil conservation service awards ceremony held at the Hilton Inn in Raleigh. They were among 44 employees from over the state who received similar awards.

Seven other employees were recognized for 30 or more years of service in the U. S. Department of Agriculture.

Those from Edenton receiving honors were: Joe Covington, soil scientist, who was recognized for above average performance during the period of October, 1971, and June, 1972. Mrs. Eleanor Partin, area clerk, also recognized for above average performance during the period May, 1971, through September, 1972, and Stanton Harrell, soil conservation technician, recognized for special achievement during fiscal 1972.

Letter To Hunt Is Named The Editor To Bank Post

Parents, do your fair share by supporting the Scouts' program in your community. I feel that every working person who cares about the boys and girls in his or her community should seriously consider giving his time, his fair share gift, either through payroll deduction or through direct payment.

"As Scouters, we will do our fair share to make sure that everyone has the chance to participate. I consider it is good turn that means a great deal to many of our fellow citizens, young and old, fit and feeble, rich and poor.

Finally, may I urge you to help make America safe for democracy by doing your ty. share.

J. Hugh Rich, president, Bank of North Carolina, N.A., has announced the promotion of Vice President Robert L. Hunt from manager of the bank's Farmville office, to regional vice president, Northeast Region.

Hunt, who will continue to make his headquarters in the Farmville office, will supervise the bank's operations in Seaboard, Hobbsville, Edenton, Greenville, Farmville, Kinston and Havelock areas.

Hunt joined the Bank of North Carolina, N.A., as vice president and manager of the Farmville office in 1970 and is a native of Greene County.

If you've been turning your nose up at plastic furniture, do take another look, for plastics are now ranging through all price lines. Students, newly marrieds, families on a budget, and lovers of bright modern home decor are finding plastics more and more appealing.

The plastics field is actually vast, including many types of products from the carpets on your floor to accessories throughout the home, as well as various types of furniture. The biggest problem is learning about the different types of plastics and what to look for when you shop.

CHECKMATES—Tiny checks adorn this two-piece knit in a cotton blend. An embroidered yoke and ruffles set off the angel top that's worn over flared slacks. By Carter's.

A Thought to Remember

By MARVIN BARHAM

We have all heard of the wonderful way Luther Burbank, the California botanist, succeeded in freeing flowers and fruits from their original bad qualities. He grew a walnut without tannin, and freed it from its disagreeable taste; developed a dahlia with a pleasant instead of a disagreeable odor; produced plums and apricots without stones, and evolved thornless cacti.

Can man be freed of all his faults of constitution, habit and training? They do it every day.

These changes are brought on without the skillfulness and knowledge of men like Burbank. It is the result of the individual efforts and the search for strength to overcome! How? By earnestly and honestly seeking—this strange and wonderful strength can always be found.

OUR THOUGHT TO REMEMBER: "God helps those who help themselves."

Cheap TV antennas deliver cheap TV reception

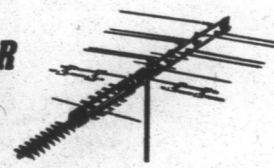

With muddy, blurry color TV reception. Because a TV set's only as good as the signals it receives. And poor antennas pick up interference that ruins TV signals—along with your evening's entertainment.

Now there's an antenna that pays dividends in purer color TV reception—the new Channel Master Quantum. The new Quantum has the blocking power to knock out interference and only deliver the pure, clean signals your color TV needs to operate at its peak capacity.

The Channel Master Quantum costs a bit more, but it's really not much of a price to pay for peak TV reception for many years to come.

Consider it an investment!
