

Consolidation Plan Aired Here

By FLYNN SURRETT

A multi-million dollar school consolidation plan was presented January 4 to the Chowan County Commissioners by the Edenton-Chowan Board of Education. Although an endorsement of the plan was sought, the commissioners suggested that the plan needs further review with a pencil and some paper before more action is taken. The same held true for a request for \$331,000 to be used for remedial maintenance in the school system.

"We want to provide the best possible education to our young people and the best possible curriculum", stated Supt. Eddie West in presenting the consolidation plan to the commissioners. Beginning with approval of the plan by the commissioners, the strategy moves through a series of objectives leading to a one issue

and eventually terminating with completion of construction of the \$3-million facility in the latter part of the 1970's.

Inter-related to the consolidation plan was their bid for revenue sharing money. The commissioners stated that at this time the regulations concerning the use of this money were not clear, so no commitment could be made. Financing of the project would be dependent on this money as well as tax money and state and federal assistance, it was stated.

Commissioner N. J. George pointed out that financing this plan could mean a tax levy in the neighborhood of \$1 and chairman C. A. Phillips added that this is a high figure in terms of the valuation of the county. This statement was countered by school board Chairman Eugene Jordan who inserted that at the same time salaries in the county would be on the rise over the years.

As the original intent of the meeting became less clear, it was Dr. J. H. Horton and Dr. Edward G. Bond who brought things back in line, stating that the objective of the conference was not a yes or no answer to consolidation but tentative approval of the means for arriving at a concrete plan.

An evaluation of the current conditions of the school system also prompted the board of education to request the possibility of \$331,000 to be used to get the system "in a minimal state of repair." Emphasis was placed on the fact that not enough money has been appropriated in the past for maintenance and this sum

would be needed to catch up with repair needs.

After a time of clearing up existing problems, Supt. West stated that maintenance money could then be used for preventive maintenance. The commissioners also remained non-committal on this request.

However, the commissioners strongly hinted that a request for \$29,800.36 for current operational obligations would not be unreasonable.

The figure represents budget deficits not anticipated when the budget draft was completed.

SWINGER

Jay Howe makes use of the playground equipment at Pensacola Beach, Fla., to do a little swinging during a beach outing. A native of Asheville, N.C., she's a student at a Pensacola college.

John A. Holmes Highlights

After an unexpected holiday, Holmes students are getting back into the swing of things. The only bad part now is facing mid-term exams and making up the time that was lost due to the snow.

Supper Rescheduled
The Bar-be-que Supper scheduled for Saturday, January 13 has been changed to Saturday, January 20. This meal is sponsored by the junior class in preparation for financing a Junior-Senior in the spring. The juniors appreciate the support they have received.

PAP SMEAR TEST SCHEDULE RELEASED
All women should have a Pap Smear Test for cancer every year. If you have not had this test, talk with your family doctor or call the local health department.

A Pap Smear Screening Test will be given on the second and fourth Mondays from 1:00 to 4:00 P.M. at the Chowan County Health Department, Edenton. Anyone desiring an appointment is asked to call the Health Department at 482-2511.

Around Chowan Farms

By: R. M. THOMPSON, County Extension Chairman

There will be a soil fertility discussion on Thursday, January 25 at the American Legion Building. We have had many problems with soils in Chowan County that have involved minor elements, mechanical pans, soil testing reports, etc. Because of these problems that appear, we feel that a discussion such as this would be beneficial to the farms in Chowan County. Agribusinessmen in the county will furnish the lunch. The program starts at 9:30 and will last until 3:30. We believe that it would be one that you would enjoy because you will have opportunity to participate with questions and discussion. The tentative program is as follows:

- 9:30 - Understanding Soils (water holding capacity, aeration, tilth), J. A. Phillips
- 10:00 - The Soil Acidity Problem, E. J. Kamprath
- 10:40 - Sources and Properties of N for Crops, J. V. Baird
- 11:10 - Services Offered by Soil Testing, Al Hatfield
- 11:45 - Lunch
- 1:15 - Film (Soil Water Movement)
- 1:30 - Do You Need Micronutrients?, Fred R. Cox
- 2:00 - Importance of Phosphorus and Sulfur in Crop Production, E. J. Kamprath
- 2:30 - Importance of K, Mg and Ca in Crop Production, J. V. Baird
- 3:00 - Reduced or Modified Tillage Systems, J. A. Phillips
- 3:30 - Discussion

Menus in cafeterias of Edenton-Chowan Schools for the next week include:

Friday: Spaghetti with meat sauce, tossed salad, mixed vegetables, ice cream, bread, butter and milk.

Monday: Cheeseburgers, catsup, mustard, french fries, carrot-cabbage salad, brownies, buns and milk.

Tuesday: Baked ham, buttered potatoes, green beans, fruit gelatin, rolls, butter and milk.

Wednesday: Manager's choice.

Thursday: Barbecued pork, candied yams, green peas, coconut cake, bread, butter and milk.

REMLEY

Chowan Students Make Dean's List At State

RALEIGH-N. C. State University students set new records in the classrooms and laboratories as well as on the football field and basketball court during the fall semester. Chancellor John T. Caldwell announced a record 3,094 men and women achieved Dean's List honors for academic excellence.

That total meant that more than one of every four undergraduates at NCSU won honors. In attaining Dean's List standings, the students scored 3.0 or higher out of a possible 4.0 average in the sciences, technologies, arts and humanities taught at the Land-Grant campus.

Reaching perfect 4.0 (straight A) marks were 199 men and women.

In contrast to the lengthening

METHODIST SERVICES
At the local Methodist Church Sunday morning the pastor, Rev. E. L. Earnhardt, will preach on the topic "Prepared" with the text taken from Ephesians 6:13-17.

At the 7:30 night service the young people of the church will present a program.

Dean's List, the number of 2; William B. Shepard, students suspended due to academic difficulties has been decreasing at NCSU.

While 3,094 students were winning places on the Dean's List, only 313 were failing—setting a ratio of almost 10 honor students for every suspension.

The men and women on the Dean's List come from 97 of North Carolina's 100 counties, 32 other states and 16 other nations.

Women, married students and veterans of the Vietnam War, three of the growing segments in the NCSU enrollment, helped raise the Dean's List to the record total.

Chancellor Caldwell announced that seven students from Chowan County attained recognition for outstanding scholarship.

Following are the Chowan students, their studies, parents and addresses:

EDENTON: Thomas C. Jackson, engineering, Mr. and Mrs. H. C. Jackson, Route 2; Donald W. Jordan, forestry, Mr. and Mrs. W. E. Jordan, Route 2; Robin L. Kanipe, civil engineering, Mr. and Mrs. F. O. Kanipe; Jimmie M. Parrish, Jr., agricultural institute, Mr. and Mrs. J. M. Parrish, Route

from the can and the chicken broth and cook, stirring, until sauce is thick. Cook over low heat for five minutes, stirring occasionally. Stir in pepper, sherry and cream. Add pimientos and flaked salmon and mix lightly. Spoon salmon mixture into potato nest and bake at 350 degrees for 25 to 30 minutes, or until salmon mixture is bubbling and potatoes are tinged with brown.

MEETING SCHEDULED

The board of directors of Albemarle Human Resources Development System will meet January 23 at 6:30 P.M., at the Jaycee Building on Base Road. The meeting was originally scheduled for January 10.

WHY ALL THE NEW REGULATIONS?

Not very many years ago the laws controlling the sale of medicines were pretty strict. Even such products as aspirin could not be sold except in a pharmacy and then only by a registered pharmacist. When these legal barriers were broken down, we fast became what the experts now call a "pill taking, drug oriented society."

It has reached such drastic proportions that now it has become necessary to try and put the brakes on with new regulations and laws. Frankly, we thought the public had their needs served better when medicines were only sold by people with training and knowledge of drugs.
