HAPPINESS IS—
Going to Church

Hi! "Let's make going to church a habit." There we can cultivate our minds by listening to our minister and taking in all he has to say. We hear good music and have many deep feelings. It doesn't take much of our time to go to church every Sunday no matter where we may be. We will feel we have started the day right. Let us be thankful for our opportunities and blessings. Keep close with God. True and enduring happiness depends on our close alliance with Him. Do make going to church a habit and feel happy.

Let sunshine in. That was exactly what Snooky was doing to the Country Corner. This was a beautiful day of warmth and sunshine. The door was open for us to enter and that we did. I walked straight over to the Outer Banks prints by Joe Koch (JoKo). He was guest artist during the tour weekend and many became acquainted with his prints. These prints are reasonably priced and in several different sizes. They are made to fit standard sized, ready made frames. Each mat is different in color on the opposite side and they are reversible. You can arrange to suit yourself. If you love the Outer Banks then you would love to have one of these prints. Snooky then showed me the new Levi place mats that had come in. You can really spruce up your kitchen, porch or patio table with these. They even have a pocket with the red bandana and a red trim. Wonder what they will come up with next?

You will also find in the Levi the "Big Daddy" laundry bag. There isn't a teenager who wouldn't love to have one of these and with graduation soon coming up well, need I say more? I had to laugh as Snooky said they looked like Junior Samples on Hee Haw, and you know, they do! You will find also in the Levi the photo album. This could also be used as a notebook for school. The kids will love them. They have lots of new items in and I was there to watch the unpacking. That was such fun. As usual I was carried away with it all. What's nice tho' were the new oven supermitts. They are teflon lined and elbow length. You will not burn your arms anymore in one of these. They have aprons with cute sayings. You will find the new casserole paws useful and cute. This is a new idea for gourmet pot lifters. All in an assortment of colors. Go and see them. Ok.

Nowhere in town can you find a better selection of blouses than you can at the Daisy. They have every kind and any kind. You will find a very large selection to choose in all colors. You can mix and match your out-fit with a different blouse to go with your slacks, shorts and skirts. Stretch your wardrobe and buy yourself several. They also have a large selection of John Meyer eye stopper slacks and pant suits. These are very good looking and will go anywhere, anytime. You will be able to put your out-fit together with a fashion right belt from their great collection of many styles. Visit the Daisy and let Jean and Patricia help you choose a new blouse and slack out-fit. You will find many you will like.

Went into Ross Jewelers and had a pleasing conversation with Kathleen and Joyce. In

looking around I saw charms they have in your zodiac sign. Your charm bracelet would be incomplete without one of these. They have them in gold and silver. Add to your charm bracelets with one of their collection of charms. It seems I cannot keep my hands off their many Swiss music boxes with the Hummel figures on them. I want to hear each one and you will find many of your favorite tunes. They are fascinating. A music box can make a wonderful gift and there are many of us who like to collect them. They also have the little brass plaques that can be engraved for your music box. They now have the Old English type of engraving they can use. Another handsome box Kathleen showed me was inlaid and made in Lebanon. It is beautiful. This could be used as a jewelry box or just ornamental.

You can get a real good buy at Hollowell's now in swim caps by Jantzen. They are styled just for you and you will find many to choose from. These are in all colors that will match your swim suit. The swim fun will soon be here and a cap will be needed for the pool, ocean, river, or wherever, we may be. You will like the discount price they have on them. Go in and buy yours while they still have a wide selection. Hollowell's also has the new dental preventive aids. I'm sure you will be interested in what they have. I will name a few of their items for you. They have the professional unwaxed dental floss-100 yards, EEZ-thru floss threaders, professional type "Lighted mouth-mirror for home use, dental mirror, dental pick, and the kit which holds the tooth saver tools that will help you control dental decay and gum disease. It has the tooth brush, dental unwaxed floss, the dye tablet and the mouth mirror. That is really nice to have and so easy to take along with you anywhere. Remember our teeth are important to us and very necessary. Take care of them. Go in Hollowell's and see what they have.

You like music: Well go in Griffin's Musicenter and browse around. While you are there you can listen to many of their fine records and tapes. As you know they do have the best you can find anywhere. Relax and enjoy yourself. Select your sunglasses, jewelry, black lights, incense and burners.

tapes, record carrying cases, handbags, guitar items, etc. while there. You name it they have it. You'll like what they have.

Have you been in the Carpet and Appliance Plaza lately? Did you know they had used freezers and other appliance? They have all kinds. This is a grand opportunity for you to buy in and buy what you need and have been wanting for a long time. Bet you would like a larger freezer to replace that old one for all the vegetables and other things you will be freezing this summer. Go in and get yours now. You will find carpet remnants and these you must go in and see. I'm sure you have many places in your home in need of carpet. Don't we all? You will find many remnants I feel sure you can use. Go see today.

You will be glad to know that the Betty Shoppe will have an after-Easter reduction on their dresses and coat ensembles, early pant suits, long sleeved dresses and a selected group of Spring coats. These are after Easter treasures for you all in one basket. You will find the coat ensembles suitable for now and on through the summer. The long sleeved dresses you can still enjoy and they will be grand to have to start the fall season. The coats are lightweight and in colors of red, navy and black. These are Spring fashions you will want to go in and see. They are all in the polyester wash and wear we love so. Go in and buy one of these out-fits now reduced. You will be sorry if you let this pass you by.

Have you ever met the girl in town name Charlie? Believe it or not she comes in a bottle. You will be able to find Charlie at Mitchener's Pharmacy. She has the most original fragrance you can use. Charlie is original, vivacious and very feminine. The fragrance is slightly sensuous, and constantly surprising. It is the kind you can live with (and love) 24 hours a day. Go in Mitcheners and test Charlie. I did and I loved the fragrance that Charlie has. I'm sure you will too. You can find this in the (2 1/2 oz. bottle), 1/2 ounce and 3/4 ounce. You will be the bell of the ball if you use Charlie.

I always want to try something that is quick and easy to cook as these are days that we seem to be always in a hurry. With revival last week, it meant early meals. So, I picked up at P & Q a box of Gorton's frozen Ocean Perch to try. It was not breaded just fillet and was really very good. Specials for this week are: pork chops selling at 89 cents per pound, fryers at 45 cents per pound, one pound of Mrs. Filberts margarine quarters, 3 for a \$1 and 1/2 gallon of Coble ice cream for 79 cents.

Tips for buying Broccoli: Buy firm, compact flowerets; dark or sage green; stems not too thick or tough. Avoid those with spread flowerets; flowerets with yellowish cast and those with soft, slippery spots. Best time to buy: all year except July and August.

Know Your Social Security

By DONALD S. MORRIS
Field Representative

People getting a social security number for the first time should apply at least several weeks before they'll need it.

Applications from people who don't recall having had a social security number before generally are screened against social security central files in Baltimore to make sure a second number isn't issued to the same person.

Screening takes time, so apply for your social security number early and you'll have it when you need it—when you get a job covered by social security.

A worker builds retirement, disability, and survivors protection for himself and his family by work and earnings credited to his 9-digit social security number.

Your social security number is yours alone and remains the same for life. When you get a job covered by social security, you should make sure your employer copies your name and number correctly from your social security card to his records.

More than nine out of 10 jobs are covered by social security.

Superior Court Held Here

A Chowan County Superior Court Jury convicted Herbert Tilton Bray of larceny and Judge Albert W. Cowper of Kinston sentenced him to three years in prison.

Bray was convicted of the theft of cash from the pocketbook of Mrs. Elsie Price, who had been taken to the Bray home after being returned from a Norfolk hospital.

John F. White, defense attorney, attempted to show during cross examination that Mrs. Price had consumed a quantity of beer on the day she said the money was stolen. He also asked the prosecuting witness if she had not given Bray the money to establish residence in California and she was to join him. She denied any such plan.

The witness testified that she was hospitalized in Norfolk and upon being discharged withdrew her savings from Virginia National Bank. It was in cash and she intended to open an account in Edenton, she said.

She said four days later Bray took her money and left Edenton. She also testified that he admitted the theft from his cell in Chowan County Jail, saying he had purchased a car.
