FREE EYE SCREENING!

Does your child know if he has poor eyesight? Most probably not. Children think that everyone sees just the way they do. Yet one out of 20 children has some eye condition needing professional care.

The N. C. Society for the Prevention of Blindness states that 50 per cent of all blindness is preventable. In order to prevent some of this needless blindness the society has devised its own game—the "E" game—for youngsters ages three-six. By playing this game under the supervision of trained volunteers the youngsters are actually getting an eye check which would indicate whether or not the child should have a complete professional eye examination.

On Sunday, a free vision screening will be held at S. L. Sheep School, Elizabeth Street, Elizabeth City. Children three-six years of age will be screened from 1 P.M. to 5 P.M. by the Elizabeth City Lionesses, under the direction of the N. C. Society for the Prevention of Blindness, Inc. So, be sure to bring your child to have his eyes screened.

EARLY DISCOVERY OF EYE PROBLEMS IS THE KEY TO SUCCESSFUL TREATMENT AND SIGHT SAVING.

Dedication Set By Witnesses

All persons (whether familiar with the meetings of Jehovah's Witnesses, or not) are cordially welcomed.
