

Around Chowan Farms

By: R. M. THOMPSON, County Extension Chairman

With all the interest in food that has been aroused by the publicity, we are suggesting that you might attempt a fall garden. There is always a need for fresh vegetables and even though food is a bargain in the grocery store, a well planned garden can be both economical and relaxing along with being useful.

Select a site close to the house that is in full sun and can be irrigated if needed. Have your garden site sampled if possible and buy your seed by variety names from a reputable firm. Many times old seed will not germinate. When you plant the seed, do not plant too deep. A good rule to follow is to plant at a depth three to four times the diameter of the seed. Firm the seed bed and irrigate if possible.

Most soil for a garden should have a pH of about 6.0 and I would broadcast the fertilizer in the garden mixed with organic matter such as compost or rotted sawdust and fertilize with 8-8-8 or 10-10-10 at the rate of about 20 to 30 pounds per 1000 square feet.

Vegetables that you can plant now are beets, broccoli, brussel sprouts, cabbage, carrots, collards, kale, mustard and some people plant fall irish potatoes. It is also possible with proper care to have tomatoes in the fall.

If you are interested in a fall garden, we have at the County Extension office an Extension booklet No. 122 that is entitled "Garden Manual" that is available on request. You might like to start planning your garden and if you have questions on varieties, this information is also available in this booklet. Any questions you have concerning gardening, please call us at 482-8431.

PEANUTS—We would like to encourage you to continue your leaf spot control on peanuts. We have noticed that leaf spot has continued to be a problem this year, more so than in 1972. The chemicals we have to control leaf spot are excellent if you apply and use it according to the label. It is also probable that an insecticide should be applied with this, therefore, be sure and follow the label for both of these chemicals.

Baptist Church

Plans Services

The Church School of Providence Baptist Church will open its classes at 9:30 A.M. Sunday. The morning worship will begin at 11 A.M.

The Senior Choir will serve and Mrs. S. H. Wilson, Assistant, Organist will serve. The Ladies Aid Group of the Church will observe their Anniversary during the Worship Service. They will sit in a group and a special sermon by the pastor, Dr. William C. Butts will be on the subject: "Abide In The Ship..."

The Deaconess Board of the Church, will observe their special service at 6 P.M. A program has been planned and all are welcome.

Revival Services will begin at 7:30 P.M. August 20-24 with Rev. W. Henry Maxwell of Newport News, Va. as guest speaker.
