Social Security Administration News

By DONALD S. MORRIS
Field Representative

A recent change in the Social Security law will permit you to earn more in 1973 and get all your social security checks. You can earn \$2,100 in 1973 and get all your social security checks. This is an increase of \$420 over the \$1,680 limit in 1972. If you earn over \$2,100 in 1973, you'll lose only \$1 in social security benefits for each \$2 earned over the \$2,100. The old \$1 for \$1 rule after \$2,880 has been removed from the law. This means you can earn more money in 1973 and get more of your social security than you could in 1972. Contact your social security office at Elizabeth City, N. C. for more information about the recent changes in the law.

HOMESPUN NEWS

It's not National Newspaper Week or anything like that. We just think it's about time somebody tooted the horn for our area papers... sort of let them know we appreciate the jobs they do for us every week.

We're especially proud of the Albemarle's publications. These are the papers which truly have the interests of their communities at heart. They are hometown newspapers in the strictest sense of definition, and are more folksy, newsy and downright human than any "big city sheet" can ever hope to be.

These are the characteristics of The Chowan Herald, The Coastland Times, The Daily Advance, and The Perquimans Weekly. May they continue to flourish.
