

Bandon Notebook

By ELEANOR F. JACKSON

One television commercial, now running, winds up with, "When you have your health, you've got just about everything." Loved ones' wishes, medical science and products must bow to the Great Physician, in prayer, for healing of all ills, according to His will. Prayer requests were submitted in church for Elliott Beach, Berlyne Blanchard, Rhonda Copeland, Martha Emminger, Minnie Ferguson, Noah Hurdle, Dr. Livingston's sister-in-law, Mrs. Reynold's mother, Mr. and Mrs. Rich, Earl Rowley, Otto Strickland and little Patrick Weston. (The dear Lord knows each one, whether or not the name is complete. Evidence proves the power of united prayer.)

Sunday school found the perfect trio on hand for its musical portion: Mrs. H. T. (Margaret) Bunting at the organ; W. F. (Butch) Smith at the piano; B. Kent Rowley with his voice and leadership.

G. Douglas Tise, acting superintendent of the Sunday school, called upon Mr. Rowley for the morning prayer, and the ushers were Gus H. Perry and T. Carlyle Gilliam.

The Senior Class lesson was from the book of Romans, "Law and Gospel." It explained Paul's guidelines and was presented by Mr. Smith. Mrs. J. D. (Evelyn) Tise taught all of the junior class. Departing, temporarily for adjacent Fellowship Hall, the young people learned to illustrate the ay's biblical story with crayon and other visual aids.

Dr. William J. B. Livingston, Presbyterian minister, once again favor-Bandon Chapel with his learned, yet simplified explanation of gospel truths as found in Corinthians 1. Nothing could be more convincing of

their applicability to present day world problems, than the analogies drawn from the good doctor's own life experiences. Even Jesus never taught his disciples without a parable, the bible says.

Ushers at the service were A. J. Church and R. C. Gilliam, with Mr. Church offering the prayer. Chairman of the deacons, Watson V. Blanchard publicly thanked Mr. A. J. (Jeanne) Church for her writing of this column last week. And Eleanor F. Jackson adds her heartfelt appreciation.

Holy Communion was offered to all present by the following deacons: W. V. Blanchard, H. T. Bunting, G. D. Tise, J. Strickland (For absent C. S. Barnes) and G. H. Perry...with Dr. Livingston serving them.

Welcomed into full church membership were Willie N. Waters and wife, Louise, through letter of transfer from the Broad street Methodist church and acceptance of the congregation.

One week and a day from now, on Friday, October 19, at 6:30 P.M. will be that special get-together evening in Fellowship Hall. The goblins and weird sounds are already in the atmosphere for Halloween and Bandon Chapel is capturing the early ones on that night. The B.C.W.G. has sponsored a "Covered Dish Supper" every third Friday for the past year and a half, with Mrs. W. N. (Louise) Waters as official hostess and mistress of ceremonies. She announced that it will be in costume (not compulsory) again this year, with prizes for originality. The sharing of special foods by those who come and contribute so generously, will be as usual, with the colorful "extra" ingredient of mysterious characters milling about, for a little while.

Mrs. W. O. (Grace) Schie, chairman of the B.C.W.G. is calling all members to the meeting today, at least in time for lunch. It's getting to look at lot like Christmas in the workshop, with dozens of ideas available and something exciting to vote upon.

ASC Election Plans Are Made

Preparations are now being made for the election of ASC committeemen for 1974. Elections will be held by mail again this year. The following is a calendar of important dates in the elections:

October 4 — Public notice of community boundaries and right to nominate by petition.

October 4 — Begin nominations by petition. Eligible voter list available in county ASCS Office.

October 29 — Last day for nominating by petition.

November 19 — Ballots mailed to all eligible voters.

December 3 — Last day to return voted ballots.

Giant combines today harvest enough wheat in just one hour to make 20,000 loaves of bread while automatic bale wagons allow just one operator to stack over 3,000 bales of hay in one day.

Assembly Held By Witnesses

A crowd of 1,697, including many from the Edenton area, assembled Saturday afternoon at Birdsong Recreation Center in Suffolk, Va., to hear W. G. Condlis, official of Jehovah's Witnesses, speak on "Act Wisely As the End Draws Near." The talk climaxed a two-day assembly which the Watchtower Society arranged for 10 of the congregations of Jehovah's Witnesses in eastern North Carolina and Virginia.

According to Condlis, Jehovah's Witnesses are convinced that the end of this system is near and their extensive preaching proves it. He said, "Prophecy proves a new order of God's making will be here in this generation. Are we ready for any adjustments to living in that new order? There

Breaks Record
Gasoline consumption in the United States in 1972 hit an all-time high of 102 billion gallons, according to the American Petroleum Institute.

1974 Wheat Program Announced
A. There will be no set-aside requirement for 1974 and no conserving base requirement for the four-year program.
B. A target price of \$2.05 per bushel for wheat is established. If the price average for wheat is below the target price, producers will receive the difference between the target price and the five-month national average price received by farmers. If the average price is at or above the target price, producers will receive no payment.

C. There will be no preliminary payment. Any payment due will be paid after December 1, 1974. If the average price is under the target price (\$2.05 per bushel) for the July through November 1974 period, a producer would be paid on an amount of bushels determined by multiplying the farm allotment times the projected yield established for the farm.

D. The national allotment is set at 55.0 million acres. Thus, on the average each farm allotment will be about three times the 1973 allotment.

E. The total payment for a person under the wheat, feed grain, and cotton programs is limited to \$20,000.

F. The national average loan rate is established at \$1.37 per bu. This is an increase of 12 cents over 1973 crop loans.

G. Excess wheat stored

are definite things we can do now! A clean moral life, one marked by the 'new personality', evidenced by meditation and prayer will give proof of our acting wisely."

On Sunday, the Witnesses baptized 28 new ministers. There newly baptized ones now officially become part of the world-wide group of 1.7-million who volunteer their time to teach the Bible.

Meetings of the local congregation of Witnesses will revert back to normal this week.

Ryland 4-H's Win Competition

Ryland Junior 4-H Club won first place among 4-H educational booths at the Chowan County Fair. Their booth gave some of the ways to increase your miles per gallon of gasoline for your automobile.

The booth pointed out that 30 miles per hour is the magic speed. Other things shown to increase miles per gallon were properly inflated tires; have the car turned regularly; and use the air conditioner only when really needed.

The 4-Leaf Clover Club won second place showing the way to distinguish different types of fires in the home. Center Hill-Cisco Club won third place with a visual display on how to use trash dumpsters correctly. Center Hill Club won fourth place. Their booth gave pointers on food preservation.

There were many individual exhibits entered by 4-H members at the County Fair and numerous ribbons were won.

If you go to the N. C. State Fair, look for the Chowan County 4-H booth!
