

AT PEACE — This seemingly abandoned tug was photographed by Patrick Flynn in the Albemarle Area. The work horse appears quite peaceful in mooring.

A Thankful Heart

A THANKFULL heart will always yearn To see the day of thy return; And give the thanks to our GOD above, For his redeeming grace and love.

When we are tempted and feel lonely and blue There is a still small voice that can only help you; He will sustain and keep us in that great hour of need, To overcome all trials and help us to succeed.

May we on this THANKS GIVING DAY Find our place in which to pray; Thanking GOD for his dear son, Who died on the cross to save everyone.

We are living in a world that is in distress And to be fully armored it will take our best; May we ever thank him for that night, That he brought us out of darkness into this marvelous light.

A thankful heart will see no place to let up But will call on GOD and ask him to refill their cup With that peace and love and everlasting joy, Where moths do not corrupt and thieves cannot destroy.

4-H'ers participate in action-oriented programs that help to educate members of their community on such problems as how to operate machinery and vehicles efficiently during the current energy shortage. Other activities conducted by the 109,000 4-H Clubs in the country include helping to increase agricultural production, combating drug abuse, and participating in community development programs.

Thank the for the many ways that thou has taken care of us all of our days; So may we humble our hearts and live in fear, For our heavenly father is always near.
