Two Home Matches Are Scheduled

The Aces wrestling team will have two home matches this week, the first on Thursday with Williamston and the second on Friday night against Plymouth. Both matches will start at 7:30 o'clock.

The match against Plymouth, second in conference standings to the Aces, should be very close as Plymouth seeks to avenge a narrow loss to the Aces in their first encounter.

The Aces stretched their season's record to 6-1 with a walk away victory over Northeastern, 54 to 12, on January 10 and another easy victory over the Washington Pam-Pack, 68 to 17, last Friday night.

In the Northeastern victory the Aces avenged their only loss of the season, a 33 to 20 squeaker, as they won eight matches five by pins, and two forfeits and dropped only two decisions and a forfeit.

Against an undermanned Pam-Pack the Aces scored six pins while dropping only one decision and a draw, the rest of

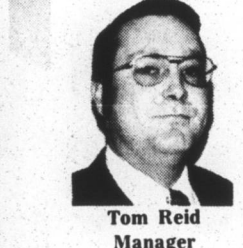

the points being scored by forfeits.

Seven Aces will carry undefeated records into this week's competition; co-captains Larry Jackson (7-0) and William Hassell (7-0), Kenneth Slade (4-0), Fred Lassiter (5-0), Anthony Riddick (7-0), David Norris (6-0) and John Norris (7-0).

Next week the Aces will take on the Ahsokie Cougars Thursday night in the Holmes gym.

Readers to Pay More

New York—(HK)—Because newspaper production costs are rising sharply, readers will have to pay a larger share in 1975 and beyond, says C.H. Favor, general manager of the International Circulation Managers Association. He told the trade publication Newsprint Facts that circulation revenue would have to pay nearly 30 percent of the cost of producing the newspaper as against 70 percent from advertisers.

Keep Your Savings At Home

The spark that keeps business good in any town is the money that financial institutions have available for loans. Take our Association, for example.

Because our people believe in thrift and entrust their money to our care we have funds to loan for buying, building or improving a home. This in turn gives employment to carpenters, electricians, plumbers . . . everyone associated with the building trades. But when people save in distant cities, this money is unavailable locally which causes our economy to slump . . . slow down.

Be loyal to your home town. Help keep our community a better place in which to live and do business by saving your money at home.
