

**RECITAL AT COA**—Dr. Edgar Alden will present a violin recital March 5 at 8 P. M. in the gymnasium at College of the Albemarle in Elizabeth City. Dr. Alden is chairman of the Department of Music at the University of North Carolina at Chapel Hill. He will be accompanied by Mrs. Anna W. Bair of COA's music department. The recital will benefit the COA Chorale.

**Family Pizza Parlor Opens In Edenton**

Jimbo's Family Pizza Parlor opened Monday night in Edenton. Mrs. Boswell's Restaurant. The former Pub

area of the establishment has been renovated to provide for the new eating facility in Edenton.

**THIS LITTLE PIG**—I wonder... would this little pig make me a good pet? Melissa Bunch holds the tiny pig as Wilbur Privott, owner of the pig farm, gives the kindergarten classes of White Oak School some facts about life as a pig.

James Boswell said the new facility will cater to the family trade. No beer will be served in the pizza parlor but pizzas can be ordered and served in the regular dining rooms.

Boswell has employed four popular students at John A. Holmes High School to work in the pizza parlor. They are: Elizabeth Stevens, Neva Whitt, Anna DeBlois and Pat Bond.

**Young Women Flock To Labor Force**

Nearly 37 million women—about 40 per cent of the U.S. workforce and 46 per cent of all women 16 years of age and older—held jobs in mid-1975, according to a report by the Department of Labor's Bureau of Labor Statistics.

The report indicates that the number of women under 20 in the labor force has increased nearly 2 1/2 times as fast as the total population, despite drawbacks of age, school attendance, and lack of skills and experience.

The unusual growth in labor force activity of women 20 to 24 years of age is attributed to the increasing proportion who remain single, the fact that married women are having fewer children, and among those with children proportionately more hold jobs than a decade ago.

**Governor Holshouser Honored For Program Participation**

Governor James E. Holshouser, Jr., as the honorary chairman of the state Savings Bonds program, today received a special citation in the name of all citizens of North Carolina from Bland W. Worley, State Volunteer Chairman.

The award, a miniature Liberty Bell mounted beside a piece of wood from the original structure of Independence Hall, was presented by the Savings Bonds Division of the Treasury Department on recognition of the participation of North Carolinians now buying Bonds.

Governor Holshouser accepted the award which reads: "Presented to the people of North Carolina in grateful recognition of their substantial participation in the U. S. Savings Bonds Program, which has resulted in the purchase of \$2,225,000,000 since 1941."

There are 175,000 men and women in the state who are buying Bonds regularly through the payroll savings plan. One in every three families owns Savings Bonds with the amount currently held in N. C. totaling more than \$850 million.

The governor was also given a special Minute Man Flag. The tricolor flag of red, white and blue—with a Minute Man in its center and the words "United States" above and "Savings Bonds" below—will be suitable for flying from the Capitol throughout the Bicentennial Year.

The flag will serve the state as a symbolic reminder of the original Minute Men and the patriotic volunteers who serve today through the Savings Bonds program. The Minute Man of Concord serves the Treasury Department as the official symbol of the U. S. Savings Bonds program.

Governor Holshouser took the occasion of the flag presentation to proclaim February 16 through 22 as "U. S. Savings Bonds Week in North Carolina." The Governor's proclamation reads as follows:

"WHEREAS, it is fitting to celebrate this Bicentennial year by honoring a volunteer-based program which, continuing the tradition of citizen involvement in the affairs of America dating back to Lexington and Concord, has helped the citizens of America and this State immeasurably by providing a method of saving unsurpassed in ease and convenience—U. S. Savings Bonds, purchased through the Payroll Savings and Bond-A-Month Plans; and

"WHEREAS, Savings Bonds have proven their

value to the economies of both our State and the Nation by encouraging thrift, fostering substantial savings reserves among our people, and by adding a large measure of stability to the debt management efforts of the Treasury Department; and

"WHEREAS, the celebration of the birthday of the "Father of Our Country," George Washington, is a time to remember and extol the enduring values on which

this Nation was founded—among them, honesty, fiscal integrity, and thrift, also the recall the proud history of citizen participation in our country's financial and political affairs from the Revolution until today, symbolized by the "Minute Man of Concord;"

"THEREFORE, in recognition of the outstanding accomplishments of the U. S. Savings Bonds Program and its thousands of dedicated volunteers

throughout this State, and in acknowledgment of the debt of gratitude we all owe the Program for the values it represents and encourages, I proclaim the week of February 16-22, 1976

U. S. SAVINGS BONDS WEEK IN NORTH CAROLINA and commend this observance to our citizens. By the Governor: James E. Holshouser, Jr.,

**EVANGELISTIS TEAM**—Revival services will be held at First Assembly of God Sunday through March 7. Services will be held nightly at 7:30 o'clock except on Saturday. Evangelist Donnie Rogers and his wife, Brenda, of Bonifay, Fla., will direct the services. There will be special singing nightly and a nursery will be provided. Rev. William Tyndall, pastor, invites the public to attend these services.

"For in that he himself hath suffered, being tempted, he is able to succor them that are tempted." Hebrews 2:18.

Jesus was steadfast under the temptations which caused Him to suffer, and He did suffer because His experiences were real to Him. Because of His victory, He is able to come to the aid of all who are tempted, and call for His help.

Christ is compassionate, and full of mercy. He can truly sympathize with us because He has endured all things for us. He understands and is able to help us to be faithful.

May we serve you in His Spirit when you need help?

**Inflation-Fighting FOOD IDEAS**

**HELPFUL TIPS**

To Delight Your Family And Friends

You can avoid wasting money by not wasting food. Even the smallest scraps of leftovers can be combined with others to make a marvelous meal, if you add some eggs.

You can rustle up a great western omelet from meat and vegetable odds and ends and eggs, and your family will be getting a meal full of vitamins, minerals and proteins.

Aside from the nutrients in whatever leftovers you put in the omelet, each egg can provide you with 10 to 15 percent of the minimum daily adult requirements for vitamins, needed fat and protein. And, the protein eggs provide, contains all 10 essential amino acids, the kind your body needs most, more than the incomplete protein found in cereals. The amino acids in eggs are in such a well-balanced proportion, they approach the theoretical ideal protein that is indispensable for humans. For this reason, eggs are used experimentally as the reference standard in evaluating the protein of other foods.
