County Ext. Chairman

weed control methods are recommended for corn 1976: But first - READ THE LABEL!

CORN	CHEMICAL	BROADCAST	COMMENT
Pre-plant	Sutan	2/3 gallon	Incorporate - controls nutgrass. Weak on cocklebur & morning glory.
Pre-emergence	Sutan	2/3 gallon	Incorporate - controls nutgrass. Crabgrass, most weeds - some Fall Panicum.
	AATrex	2 lbs.	
	AATrex (Atrazine)	2-3 lbs.	Before grass and weeds are 1". Controls most grass and weeds except Panicum or barnyard grass.
	Atrazine	1 1/2 lbs.	Controls most grass and weeds except nutgrass.
	Lasso	2 qts.	
	Bladex	2-4 lbs.	Lasts one year. Rotary hoe, if dry.
	80 WP	4 lbs./gal.	1 3/4 - 2 1/4 qts.
	Lasso	2-3 qts.	Controls most grass and weeds. Weak on cocklebur & morning glory. Do not mix with nitrogen after corn is up.
	Princep or Princep	2 1/2 lbs. each	Controls most weeds & grass including Fall Panicum. Needs rain within a week or need to incorporate lightly.
Post-emergence	2,4-D Amine with water (or nitrogen)	1 pint	If used with Nitrogen, mix 2,4-D with water 1 to 4. Use 2 1/2-2 3/4 lbs. pressure at 18-20 psi. Spray when corn is 20-24" high with Drop Nozzle. Controls most weeds & morning glory.
	Lorox	1-2 lbs.	Use as clean up, can be used with Nitrogen. Drop Nozzle.
	Dvik	1-1 1/2 lbs.	Use as clean up, can be used with Nitrogen. Drop Nozzle.

Remember the height of the boom reflects in your spray pattern. On 40 inch rows 6 inches apart is 26,134 plants, 7 inches - 22,402 plants, 9 inches equals 16,506 plants. For your information corn planted on 38 inch rows 6 inches apart is 27,510 plants, 7 inches equals 23,581 plants, 8 inches - 20,632 plants, 9 inches equals 17,422 plants. If you have any questions concerning this please call our office.

## Death Claims Mrs. Alexander

Continued From Page 6  
Marvin Keith Luke, Curtis A. Twiddy, Jr., Michael Ralph Twiddy, Stephen Alan Campbell, and Joseph Robert Privott, Jr. CDA to raise the standards of theatrical performances throughout North Carolina with providing the motivating factor which has led many of her previous students to future success in the world of the theatre. "Theatre has become big business in the past 20 years," Mrs. Vaughan said, "and a great many federally-founded and foundation-supported theatres are in operation across the country." College of the Albemarle has had several former students who participated in the CDA festivals and are now employed in professional theatre or related fields. Among these is Jennifer Crandall, of Edenton, who plays a leading role in "Unto These Hills" and has appeared on educational television in Chapel Hill.

**WINNERS AT FAIR**—In connection with the Bible Science Seminar Immanuel Christian School conducted a Science Fair with the students providing the projects. Shown below are the winners in their respective category: Lower Elementary—First, Kim Barnes, effects of light on plants; second, Teresa Harrell and third, Lisa Parker. ## Opera Company Appearing Thursday At Swain School

The National Opera Company will appear at the E. A. Swain Auditorium today (Thursday) in the production of La Cenerentola, or Cinderella. ESEA Title III, the Cultural Arts Program in the Edenton-Chowan Schools is the sponsoring organization. The performance, which will be sung in English, will be attended by all students in grades four through seven, choral and band students.

Growing from the ground up is an American tradition. It has also been the experience of the National Opera Company; and so in its beginning some twenty-eight seasons ago, it called itself the "Grass Roots" Opera Company. In keeping with its tradition, the National Opera Company continues to gain vitality and polish by performing the first part of its season at the "Grass Roots" level.

Each new troupe performs for students in the schools throughout North Carolina where its singers sharpen their talents and learn to capture and hold the attention of young audiences. In doing so, they capture a whole new generation of opera lovers, by bringing opera in English to both rural and metropolitan areas of North Carolina.

While in Edenton, the performing actors will be guests in the homes of Mr. and Mrs. John Schroeder, Mr. and Mrs. W. B. Gardner, Mr. and Mrs. Gil Burroughs, Mr. and Mrs. Blair Stutzman, Mr. and Mrs. Chester Stevens, and Mr. and Mrs. Tom Darby.

## Letter To The Editor

Your "editorial" of February 12 was received today, courtesy of friends in Chowan.

I write to you as a private citizen, by the way, and in hopes that citizens of Chowan may benefit.

You continue to try to badmouth Dr. Louis Smith of Murfreesboro and call him a "rebel without a cause". Sorry, Bud, but Dr. Smith's philosophy has prevailed, so far, in the development of the HSA board. According to your own figures, the final board is 53, not 30, as promoted by Holshouser, Dr. Lucas and Dr. Monroe. Smith's group sought a board of 66; 53 is a lot closer to 66 than to 30.

You say I "was after a job" from the outset. While your statement is only one more twisted tale, I don't know of anything illegal or unethical about my looking at any job for which I might be qualified, in HSA or any other organization.

You have referred to somebody as "vultures" who bide in "the woodwork" until "funds begin to flow". You can't be referring to me for I have actively and conspicuously opposed the maneuverings of state government and Mr. Holshouser's hand-picked representative, Dr. Lucas. My opposition, I hope, contributed to a final compromise which puts appointments into the hands of local elected officials and created a board big enough to allow reasonable representation from a wide variety of interested citizens. If that's vulture-like behavior, I'm guilty.

Sincerely,  
William C. Byrd

## "What are those brown spots on my hands?"

You may think they're just big freckles, or sun spots. Maybe somebody told you they were "liver spots." But they're most likely age spots. Do you have to put up with age spots? The answer is no. You can fade age spots with Esoterica Medicated Cream. Esoterica works because it goes below the skin surface. Esoterica stops excess pigmentation, so the spot fades. If you use Esoterica daily as directed, you should see a clearer, more youthful-looking skin tone in six weeks. Fade age spots with Esoterica.

TO PERFORM HERE—This scene is from the National Opera Company's production of Rossini's "Cinderella," which will be presented at Swain Auditorium today (Thursday).
