

Students Enjoy Day Of Music In The Schools

March 4 was a day which every student will remember as one of their fun days at school. It was on this day that John A. Holmes High School students experienced "Music in Our Schools Day".

The day began with an assembly. During this assembly the band and concert choir performed. With the selection "Pick Up The Pieces", played by the band, and the selections from "Godspell", which were sung by the concert choir, the student body was in a dancing, singing and happy mood.

After the assembly, everyone went to their regular classes. In each class, records were played; radios were played, and in some classes everyone just sang.

STUDENTS ENTERTAIN STUDENTS—Joe Kenny, left, president of Modern Music Master's Society at John A. Holmes High School, and Dyrol Joyner, treasurer, are shown entertaining students during the recently held "Music In Our Schools Day".

FOR THE KIDDIES—The International Animation Festival pays tribute to Yugoslavia's Zagreb Studios, March 20 at 8 P.M. and 11 P.M. on Channel 2. Shown is a scene from Zagreb's "Largo."

Convicted Felon Is Given Time

Melvin Shapiro Evans of Norfolk, Va., the third Negro family member charged with felonies in Chowan County, was given an active prison term in Chowan County Superior Court.

Judge Walter Cohoon sentenced Evans to eight to 10 years for breaking, entering, larceny and receiving. He was given an additional two years for escape but this sentence is to run concurrently with the active term.

Other cases called by Asst. Dist. Atty. Keith Teague included: Hilda Privott Thornton, two counts of drunk driving, six months.

Stuart Davis, assault with a deadly weapon, 30 days, suspended upon payment of costs.

Garland Trussell, convicted by a jury of drunk driving, four months, suspended upon payment of \$150 fine and costs.

Carl Rea, Sr., public drunkenness, not guilty.

Isaac Taylor, Jr., no operators license and speed competition, two years, suspended upon payment of \$250 fine and costs and not drive for 18 months; speeding, 60 days, suspended upon payment of costs.

Dan Junior Bembery, speeding and speed competition, 12 months, suspended and placed on probation and ordered to pay a fine of \$500 and court costs; speeding, 60 days, suspended upon payment of costs.

James Augustus Leary, assault by pointing a gun, dismissed.

John Edward Staton, larceny, six months, suspended and placed on probation upon payment of \$75 fine and costs and make restitution.

Randy Butler, two counts of worthless checks, 30 days, suspended upon payment of \$50 fine and costs and make restitution.

Robert Samuel Sykes was found to be a habitual offender of traffic laws and ordered not to drive.

Currently 25 per cent of U.S. businesses use dictating machines, but the Business Equipment Manufacturers Association predicts that the industry's 1975 sales of \$200 million will climb to over \$334 million by 1980.

During the fourth period, the highlight of the day began. There was a jam session everyone attended during their lunch period. The Girls' Chorus and members of the student body performed at the jam session. Members of the student body organized a band and played songs that were enjoyed by the students. Solos were also sung by members of the group. After the jam session, students returned to their regular classes. This did not discourage the students, because each class was filled with music.

This was the second annual "Music in Our Schools Day". The purpose of this day is share with the school and community some of the activities taking place in the music department.

The assembly and jam session were sponsored by the Modern Music Master's Honor Society.

Red, White, Blue Enliven Tank

Each month thousands of motorists are getting a look at the star-spangled paint job recently applied to a large gas storage tank at Amoco's Whiting (Ind.) refinery. The red, white and blue Bicentennial theme is easily spotted from the heavily traveled adjacent road.

A whole "gallery" of the cylindrical works of art may soon appear. The refinery management is surveying area high schools to learn whether there is sufficient interest to sponsor a design competition among students.

Your Value Rises
Inflation has its effect on everything. Remember just a few years ago when the chemical components of a 150 pound man or woman were worth 98 cents? Latest figures show that inflation has now caused that person to be worth \$5.60.
