

# Creative Cooking From The Chowan Herald Kitchen

By Mildred Huskins  
Tender loving care is the best treatment for a sweet tooth and we have some of the tenderest, most loving remedies imaginable for you today. Several weeks ago we were all searching the market shelves for pistachio

instant pudding and pie filling so we could whip up a certain cake recipe which was making the rounds. Well, it is available in

abundance around here now and more and more recipes are showing up for its use.

This new pudding flavor has joined the famous family at a time when pudding cakes are so popular. This one makes a great cake!

**Pistachio Cake Roll** is recommended as finale for a small dinner party to which you have bidden your favorite sweet teeth. Spring it as a special surprise and present it in an elegant setting.

**Pistachio Cake Roll**  
 ¾ cup sifted cake flour  
 ¾ teaspoon baking powder  
 ¼ teaspoon salt  
 4 eggs (at room temperature)  
 ¾ cup sugar  
 1 teaspoon vanilla  
 2 tablespoons butter or margarine, melted  
 Confectioners sugar  
 1 pkg. (4-serving size) pistachio instant pudding  
 1½ cups milk  
 1 tablespoon orange liqueur (optional)

**Sweet Chocolate Glaze**  
 Sift flour with baking powder and salt. Beat eggs in large bowl at high speed of electric mixer or with hand beater, adding sugar gradually and beating until mixture is fluffy, thick and light colored, about five minutes. Gradually fold in flour mixture then vanilla and butter. Pour batter into 15x10-inch jelly roll pan which has been greased, lined with paper on bottom and greased again. Bake at 400 degrees for 13 minutes. Turn cake out onto cloth and trim off crisp edges of cake. Starting with short side, roll up cake in cloth. Cool about 30 minutes on rack. Prepare pudding mix with milk as directed on package. Stir in liqueur and let stand five minutes. Unroll cake, fill with pudding mixture and reroll, leaving end underneath. Spread with glaze and chill.

To make glaze heat one-half package sweet cooking chocolate, one and one-half teaspoons butter or margarine and one and one-half tablespoons water in saucepan over low heat until chocolate is melted. Blend into one-half cup confectioners sugar; add dash of salt and one-fourth teaspoon vanilla. Makes one-half cup.

This one you can make with a mix and is similar to

our very favorite quickie.

**Pistachio Marble Cake**  
 1 pkg. Yellow cake mix  
 1 pkg. (4-serving size) instant pistachio pudding  
 4 eggs  
 1 cup water  
 ½ cup oil  
 ½ teaspoon almond extract

¼ cup chocolate syrup. Combine cake mix, pudding mix, eggs, water, oil, and extract in large bowl. Blend; then beat at medium speed for two minutes. Measure one and one-half cups batter; stir in chocolate syrup. Spoon batters alternately into a greased and floured 10-inch Bundt or tube pan. Zigzag spatula through batter to marble. Bake at 350 degrees for 50 minutes. Cool 25 minutes, remove from pan and finish cooling. Sprinkle with confectioners sugar, if desired.

A new flavor has joined the Jell-O gelatin family. Peach flavor gelatin has been given a fine rating by our tasters.

Diced canned peaches parade through peach gelatin in a springtime dessert which should appeal to the troops right down the line and give a sunny salute to warming weather. Peachy Sour Cream Dessert adapts to any occasion, but nowhere is it more welcome than as an offering at the end of an easy family dinner.

**Peachy Sour Cream Dessert**  
 1 can (16 oz.) sliced peaches  
 1 pkg. (3 oz.) peach flavor gelatin  
 1 cup boiling water  
 ¼ teaspoon almond extract  
 ½ cup sour cream

Drain peaches, reserving syrup. Add water to syrup to make one cup. Dice peaches. Dissolve gelatin in boiling water. Add measured liquid and almond extract. Chill until slightly thickened; measure three-fourths cup and set aside. Fold peaches into remaining gelatin mixture. Spoon into six sherbet glasses, and chill until set but not firm. Meanwhile, place bowl of measured gelatin in larger bowl of ice and water. Beat with hand beater or electric mixer until fluffy and thick, about double in volume. Blend in sour cream. Spoon over gelatin in glasses. Chill until firm, about two hours. Makes six servings.

**TAR HEEL SUPREME COURT**—Chief Justice Susie Sharp and the associate justices of the N. C. Supreme Court are shown in their official portrait which has just been released. Seated, left to right, are: I. Beverly Lake, Miss Sharp, and Joseph Branch. Standing are: J. William Copeland, J. Frank Huskins, Dan K. Moore, and James G. Exum.

**SWEET TREAT**—Pamper a sweet tooth with Pistachio Cake Roll. A filling of pistachio instant pudding and pie filling combines creamy smoothness with crunchy texture along with the taste of almonds and pistachio nuts.

## Feed & weed yourself? We'll help you rig up.

For fertilizing and weed control, there's a one-trip solution: Feed and weed — applying liquid fertilizer and weed control chemicals together in one quick trip. It saves you time, labor, equipment costs, reduces soil compaction, and helps you get more profit out of every acre.

Most herbicides can be included in our prescription mixed SLF® liquid fertilizer or in Golden URAN® nitrogen solution. So you can feed and weed preplant or postemerge on practically any crop.

We'll help you rig up your equipment to make your own application, or we'll do it for you. Then, whenever you want to save busy work during the busy season, you can take advantage of ARCADIAN® liquid and feed and weed in one trip.

Ask us about it soon.

## NEW 1976 ZENITH 100% SOLID-STATE CHROMACOLOR II 17" PORTABLE TV

- Brilliant Chromacolor Picture Tube
- 100% Solid-State Titan 260V Chassis
- Patented Power Sentry Voltage Regulating System

convenient 70-position UHF channel selection!

The PLAZA • G3850W  
 Dramatic decorator styling! Cabinet beautifully finished in simulated grained American Walnut. Brushed Nickel-Gold color highlights the front. Deluxe top carry handle.

### USES UP TO 45% LESS ENERGY!

Zenith's 100% Solid-State Chassis featuring the Zenith Patented Power Sentry Voltage Regulating System uses up to 45% less energy than previous Zenith 16" diagonal tube-transistor sets. Zenith's energy-saving 100% solid-state chassis with its Power Sentry system of voltage regulation needs only 126 watts of power... less than two 75-watt light bulbs. Many color sets, four or more years old, use about as much power as five 75-watt light bulbs.

- Solid-State Super Video Range Tuning System
- Automatic Color Clarifier
- Solid-State Automatic Fringe-Lock Circuit
- Sharpness Control
- VHF and UHF Antennas
