

Distaff Deeds

By Jan Christensen
N. C. State University
As children grow, the housing needs of a family often change, agree Mr. and Mrs. Zeke Williamson, Jr. of Cerro Gordo.

The Williamsons built their house in the early years of their marriage, but found it was not adequate for the needs of a teenage boy and a preteen daughter. So they remodeled.

In addition to adding extra bathrooms and a utility room, the Williamsons made the living room larger, built a patio and bricked the exterior of the house.

The result: a home that's enjoyable and adequate for parents and teenagers alike, says Mrs. Elaine Blake, home economics extension agent, Columbus County.

LAUNDRY TIPS
Rinse - added fabric softeners should be used only in the final rinse and never with soap, detergent, bleach, bluing, or packaged water conditioners.

These laundry aids neutralize chemicals in the fabric softeners, leaving a

sticky white residue on clothes, says Dr. Justine Rozier, extension family resource management specialist, North Carolina State University. At times, this is mistaken for lint.

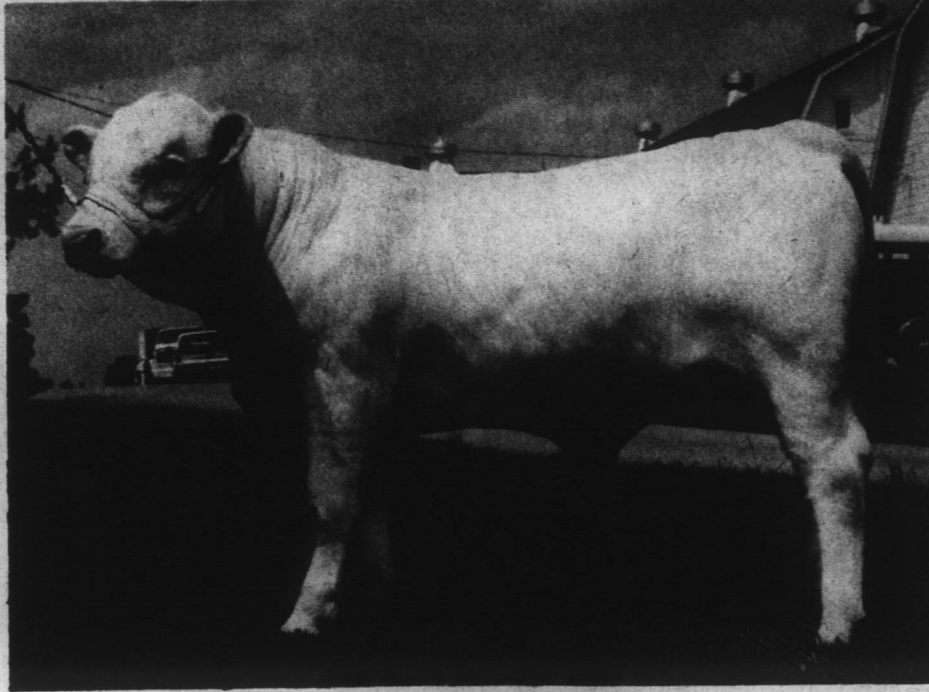

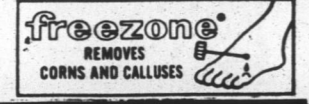

CLEAN BLENDER
Here's a quick way to clean the blades and container of an electric blender.

Fill the receptacle 1/4 full with warm water. Add a drop of liquid detergent to the water, cover the container and run on low speed for a few seconds.

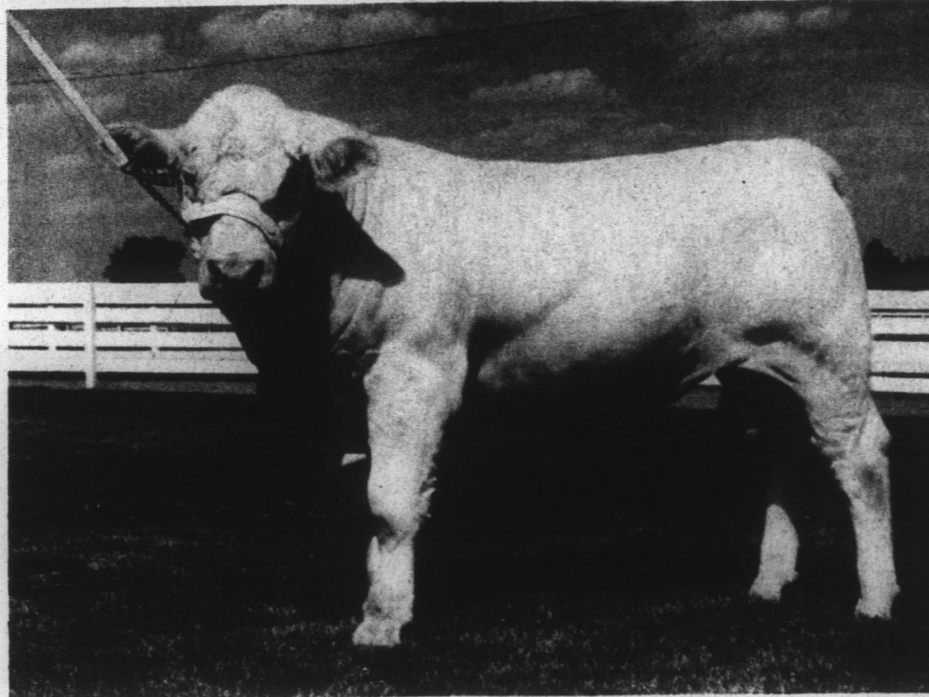

Remove container from base, rinse it and the cover thoroughly with warm water. Dry it and that's that, according to extension home equipment specialists, North Carolina State University.

To be informed people must first be willing to listen and respect the opinions of others.

Freezone is for corns that hurt.
Absolutely painless. No dangerous cutting, no ugly pads or plasters. In days, Freezone eases the hurt... safely helps ease off the corn. Drop on Freezone—take off corns.

Dees - Wood Purchase Charolais Bulls

The Litton Charolais Ranch announces that Dr. Lester A. Dees and T. B. H. Wood have purchased two polled Charolais bulls from the LCR Ranch in Chillicothe, Mo. Both of these LCR bred herd sires are now at the Dees farm, Rout 2, Edenton.

Visitors are invited to visit the farm to inspect these outstanding herd sire prospects.

These bulls, LCR Sir Royal Sam G129 polled and

LCR Royal President G204 Polled, are both descendants of the world-famous Sam 951, the foundation of the Litton bloodline.

LCR Sir Royal Sam G129 Polled is a son of LCR Sir Royal Sam 790 Polled, the bull that holds the world record auction price of \$165,000 paid for one-half interest in the bull. The dam of LCR Sir Royal Sam G129 Polled was also a polled cow, making the G129 bull double polled. This great cow, also double polled is a full sister to the LCR herd sire Royal Duke A161 Polled which brought \$41,000 for one-fourth interest at the 1974 Eastern National Sale.

Also purchased by Dees and Wood was LCR Royal President G204 Polled. This bull was sired by LCR Royal President A176 Polled, the herd sire well known at the Litton Charolais Ranch for the correctness of his calves. This herd sire is a massive, smooth bull who has tremendous bone and muscling but is smooth enough through the shoulders to assure ease of calving. The dam of LCR Royal President G204 Polled is one of the top ranked cows in the entire Litton cowherd. She has performed exceptionally high in the all important

trait of calving ease. Both of the herd sires selected by Dees and Wood represent the finest quality available at the Litton Charolais Ranch. Five generations of select LCR breeding are represented in the pedigrees of these two Charolais bulls.

CARD OF THANKS
I would like to thank each individual and the many churches that expressed such love and concern for Tom and for me during his illness and at his death. May God bless each of you.

Educator Emphasizes Good Citizenship

"What you demand from government, you must be willing to do yourself." This was the message which Dr. Raymond A. Stone, president of Sandhills Community College, delivered to the 94 candidates for graduation during commencement exercises at College of The Albemarle last week.

Dr. Stone explained that his purpose was to make the graduates aware of good citizenship. He pointed out that wise and honest government is created by wise and honest citizens.

Reminding the assembly that the power of democratic self-government rests with the people, he said, "We live in an age of revolution. If we don't like the system, we can change it...but with ballots, instead of bullets."

The educator emphasized the need for continued study by the individual in order to develop a high level of sound judgment. The best method of staying well-informed, he advised, is through reading, listening to and watching all sources of media available. By making oneself aware of all facets of a question or problem, one will be better equipped to determine the most workable solution, he explained.

The good citizen is an open-minded person, Dr. Stone concluded. "Keep in mind," he said, "that a good citizen is not necessarily a

popular citizen. You should always guard the right of your opponent to dissent - he may be right!"

The 12 candidates from Chowan County who received diplomas or degrees in seven programs of study were:

Diploma in Practical Nursing Education: Brenda Holt of Edenton.

Diploma in Cosmetology: Glenda Kay Belch of Edenton; and Barry Barnett Jones of Tyner.

Diploma in Automotive

Mechanics: Shelton Wallace Stanley of Edenton.

Diploma in Machinist Trade: Veru LeRoy Caskey of Edenton.

Associate in Arts: Willie Ray Bond and Richard Eugene Coleman of Edenton.

Associate in Applied Science: Business Administration Technology - Felix Parker Chambers of Tyner; General Office Technology - Fannie Rebecca Bunch, Kathy Cooper, and Loretta Satterfield of Edenton.

MISS ROBBINS, WOULD YOU CARE TO TAKE A LITTLE RIDE IN MY CORDOBA WHILE WE PLEA - BARGAIN?

THE FARMER WHO GETS AHEAD ... PLANS AHEAD!

The men at your local Federal Land Bank Association are farm finance specialists with agricultural backgrounds who can provide assistance in helping farmers and their families plan for the future. As you begin getting ready for what's ahead, call or visit us.

Our business is making your business more productive and profitable.
