A FAVORITE—The U.S. Navy Atlantic Fleet Band was a real crowd pleaser in Saturday's parade. The talented unit also performed in a band concert held on the Courthouse green.

A LADIES MAN—Mr. Peanut proved himself a real ladies' man in the Peanut Festival parade, stopping to give two onlookers a playful hug as the other units proceeded on their way through the downtown section.

ABDOMINAL PAIN IN CHILDREN
 Abdominal conditions of some urgency in children are most usually found in the lower part of the abdomen. Appendicitis is characterized by pain in the lower right side and pain on either side can be an obstruction due to one part of the bowel lapping over another. With an obstruction there is usually blood and mucous in the stool.
 It is not safe to assume that an abdominal pain is due to a virus just because you have heard a virus is "going around." Often a suspected stomach virus can turn out to be appendicitis.

New car prices have gone up 21 per cent over the past four years. Gasoline, 70 per cent. And insurance, 32 per cent. Yet, despite the higher cost for auto insurance, in 1975 auto claims and expenses exceeded premiums by \$2.3 billion, according to a report from The Travelers Insurance Companies.

Loved ones are not so far away when a telephone is close at hand.

"The doctor says it's not serious . . . he'll be in the hospital a few days. Just thought I'd call and let you know. Yes, I'll keep you posted. We're fine. Say hello to the kids for me."

When you have urgent news . . . what do you reach for? The telephone, of course. Family and friends are not so far away when a phone is close by. So remember, your family is as close as the nearest telephone.

We make loans to farmers. That's it.

When agriculture is in a slump, many lending institutions cut back or completely discontinue agricultural loans. But since we began lending money more than 50 years ago, farmers have depended on Farm Credit for needed capital. Through good times as well as bad, we've been there to work with the farmer. We know financing and we know agriculture. We've done it longer and do it better than anyone else.
