## Bandon Notebook By Maggie anything that sort of HOW WAS YOUR DAY? Farmers Air Service across

"Never put a kindness off" or "Do today what must be done for tomorrow may be too late" has been heard so often that some people develop an apathy toward

"prods" them - many have no desire to change their way of living. They are satisifed with themselves. Share with me this poem by John Hall:

Is anybody happier because you passed his way? Does anyone remember that you spoke to

him today? The day is almost over; and its toiling time is through;

Is there anyone to utter now a kindly word of you?

Can you say tonight, in parting with the day that's slipping fast,

That you helped a single brother of the many that you passed? Is a single heart rejoicing over what you did

or said; Does the man whose hopes were fading, now with courage look ahead?

Did you waste the day, or lose it? Was it well or sorely spent? Did you leave a trail of kindness, or a scar of discontent? As you close your eyes in slumber, do you

think that God will say, "You have earned one more tomorrow by the work you did today"?
