Happiness Is - Birth-

days! Another oppor-tunity to thank God for

His mercy and grace that we are able to celebrate the beginning of a New Year of

our lives! And, what a joy it

Happiness can't be defined...

It's sharing everyday affairs

It's a certain mood, a state of mind,

With one who understands and cares,

It's a tender look or a gentle touch

That says, "I love you very much".

And happiness is more than this.

It's a special blessing from above-

It's a smile of comfort when you're blue,

A hope that's shared, a dream for two-

It's a warm embrace and a gentle kiss,

It's what you have when you're in LOVE!

Daylight Savings Time is here again! On this first Sunday morning of the new time, we were pleasantly surprised to see so many assembled for Sunday School at Bandon Chapel. Asst. Supt. Wiley Hardison beamed with enthusiasm as he joyfully welcomed each and every one and presented a report of conclusions reached at a meeting of Sunday School officials. A goal has been set to increase attendance of both children and adults by at least fifty per cent. A Lending Library will be established at Bandon so that folk will be able to check out Christian books they desire to read.

# Students Complete Safety Course

and in Edenton-Chowan Schools have recently completed a boating safety certified. education course.

The boating safety course, developed and supplied by the N.C. Wildlife Resources Commission, is offered in many junior-high schools throughout the state. The objective of the course is to teach the, fundamentals of safe boat operation to young people before dangerous operating

habits are formed. Subjects covered include: boat operation, emergency procedures, personal flotation devices, navigational aids, rules of the road, water skiing safety, and weather.

Mike Overton, boating representative for 24 Eastern North Carolina counties reports that the commission has certified 30,000 students throughout

Students in the Seventh the state this year. This is Grades at Chowan Academy the fourth year of the student in the First Distirct

"Every Seventh Grade program and more than (13 counties) have taken this 250,000 students have been course this year," Overton stated.

### Soil Stewardship Week Set

This week, April 30-May 7, is the loss of has been designated as Soil Stewardship Week throughout the nation. This program is a nation-wide observance which emphasizes man's responsibility to protect and conserve soil, water and other naural resources.

Lloyd C. Bunch, chairman of the Albemarle Conservation District, announced that this year's importance of controlling water pollution caused by run-off from unprotected farms, ranches, roadsides, and construction sites.

Also of special concern

million acres of rural land to non-agricultural use annually. Bunch states, "Of this 5-million acres lost to agriculture, nearly 1-million acres are classed as 'prime ' land — the best and most productive land we have. During this year's observance, we are encouraging the preservation of these top-quality farmlands for farming rather theme, "Compelling than their indiscriminate Ventures," stresses the use for housing developments, highways, shopping centers, and the like."
