

EMPLOYEES HONORED — Mrs. Beulah White, manager of the P. H. Rose Store, center, is shown presenting certificates and plaques to two employees for outstanding service. Mrs. Doris Baker was named outstanding department manager in the district and Melvin Lane, Jr. was named outstanding assistant manager in the district. The awards were recently announced by L. A. Cottle, district personnel and merchandise manager, as part of the Rose Company's Awards and Recognition Program.

Around The Farms

By Murray L. Goodwin
Ag. Ext. Agt.

This is trouble shooting time for crops and vegetable marketing time. We have two vegetable markets in Chowan County. Chowan Cooperative Exchange ("Block") and Chowan County Farmers Market.

Chowan Cooperative Exchange
The Chowan Cooperative Exchange will open for business on Monday, June 29 at 1 P. M. The auction will operate on Monday, Wednesday and Friday until cantaloupes and watermelons become plentiful. From then on there will be a sale every day.

The auctioneer will again be **Tobey Williford**. Williford is an experienced auctioneer and works hard to get the farmers the top dollar. This year there will be two young men working in the managerial role - **Lee Bass** and **Kevin Twine**. Both Lee and Kevin have worked at the "Block" in prior years as manager. The commission will be the same as last year.

Chowan Farmers Market

The new endeavor seems to be doing pretty good. There is a need for more people selling at the market. If you are planning to bring right much of a vegetable (for example, sweet corn) call the Edenton Chamber of Commerce. They will put this information on the radio. The telephone number for the Edenton Chamber of Commerce is 482-3400.

Crops

Continue spraying for cantaloupe and watermelon leaf diseases. If it gets real dry you can make the intervals between spraying longer.

Crops are looking good so far, but they can change quick during hot weather. Thrips are hitting peanuts hard in some fields. Malathion or Sevin are the recommended materials for control.

Landplaster

We see some farmers are applying landplaster and it is about time. Apply at least 600 lbs. of dry, 1200 lbs. of granular or 1800 lbs. of wet landplaster. Actually the granular and wet land plaster should have already been put out. I believe most

people have gone back to dry landplaster if they ever switched.

Manganese Deficiency

Once a yellow spot develops in a field of soybeans or peanuts, it seems to come back year after year. The cure is to apply some form of Manganese. Manganese Sulfate dissolved in water is good treatment (7.5 lbs. per acre) There is also a liquid material available.

While we are talking about fertility we have been asked if 8-0-24 can be used as a side dresser for sweet potatoes. This is a good side-dresser material for sweet potatoes. Ask for 8-0-24 that has Muriate of Potash instead of Sulfate of Potash. The muriate form is cheaper.

Leaf Spot

It is about time to start leaf spot control on peanuts. If it becomes very dry you will not need to spray as often. In a test during a dry year two sprayings gave as good a yield as spraying five times.

Cotton

Most cotton fields are looking good except in some dry areas of the county. If you haven't side-dressed your cotton, it is time.

wishes known. "When the plan goes into action it will have far reaching effects on all mackerel fishermen. Now is the time to let us know how you feel about the proposed plan," Stamey said.

The South Atlantic Fishery Management Council, she said, is composed of state appointees from the four-state region, as well as Federal agencies. The Council is charged with developing management plans in federal waters off the Atlantic coast of the four state area, she said.

Respondents

To the above named Respondents:

Take notice that a pleading seeking relief against you has been filed in the above-entitled Special Proceeding. The nature of the relief being sought is as follows: The Petitioner is seeking an Order from the Court setting off his interest in the Daniel Bond heirs' property, so that he may hold the same separate and apart from the other heirs in common. In the alternative, the Petitioner is asking that the Court partition the property and allocate to each tenant in common his or her respective share. The property subject to this proceeding is known as the Daniel Bond Heirs' Property, containing approximately 45 acres, and being located on Secondary Road 1100, and being the property purchased by Daniel Bond from W. D. Pruden and wife, as evidenced by deed dated September 25, 1906, and recorded in Book K-21 page 477 in the office of the Register of Deeds of Chowan County.

You are required to make defense to such pleading not later than the 28th day of July, 1981, said date being 40 days from the first publication of this notice; and upon your failure to do so, the party seeking service against you will apply to the court for the relief sought.

Summer Sessions Are Planned

The Counseling Center of the Division of Student Affairs at Elizabeth City State University has scheduled two Summer Orientation Sessions for first-time freshmen students. Dates of the program have been set for June 25-26 and July 16-17.

New this year is a continuous, individualized transfer student orientation program. All transfer students should contact Mrs. Vivian Armstrong by calling 335-3464.

"Students who participate in the orientation programs should make smooth, worry-free transitions from high school to college," stated Dr. Olive R. Wilson, Coordinator of the ECSU Counseling Services.

She added, "The summer sessions offer a less stressful introduction to the registration process and campus life." The Summer Orientation Sessions at ECSU include testing, academic advisement, introduction to University personnel, services and programs, and evening social activities.

Roses Profit Sharing Nets \$1,946,201

Manager Beulah White of the local Rose's Stores, Inc. announced that more than 5,800 employees of Rose's in seven southern states shared in the 1980 company contribution to the Employees' Profit Sharing Trust. The contribution, \$1,946,201.00 was the 37th consecutive annual payment made by Rose's since the Profit Sharing Plan was started in 1944.

Mrs. White handed statements of their personal account to several local participants, showing how each shared in the company's 1980 profits and what each had accumulated. She pointed out that a typical participant in the plan (a saleslady in one of the stores) who had shared in every one of the 37 company contributions now has a balance in her account equal to more than five times her 1980 earnings.

Mrs. White advised that Central Carolina Bank & Trust Company, Trustee of the Rose's Profit Sharing Trust, reports that the Fund now totals over \$31,450,000 and holds \$8,418,000 of U. S. Government Bonds, \$3,682,000 of Corporate Bonds, \$16,635,000 of Common Stocks, \$1,356,000 of Time Deposits and \$1,359,000 of other assets.
