Participant In Exercise

First Lt. Ralph G. Hensley, Jr., son of Ralph G. and Nola M. Hensley, Route 1, Edenton, has participated in an Air Force Strategic Air Command (SAC) exercise called Global Shield 82.

Hensley, a disaster preparedness officer with the 24th Air Division, Malstrom Air Force Base, Mont., joined others from all SAC units in the United States and selected Air Force Reserve and Air National Guard units to take part in command post and field training exercises. Global Shield 82 was the fourth such exercise held by the command in as many years. It was designed to enhance readiness and the ability of the command to carry out orders, which support U.S. national policy, should deterrence fail.

Components of the U.S. Navy and Marine Corps, as well as elements of the Canadian forces, also participated in the exercise.

Breakfast Is Planned

The Rose of Sharon prayer breakfast will be held September 18 at Gabby's Restaurant. The meeting will be held in the private dining room at 9:30 A.M.

The guest speaker will be Mr. Charles O. Tysor. Mr. Tysor is president of Charles O. Tysor Associates, Inc.

This is an interdenominational prayer breakfast. Everyone of all faiths are invited to attend. Reservations can be made in Edenton by calling 482-3189 or in the Creswell area, Call 797-4464 or 797-4036.

Three Named To Dean's List

Archie E. Nugen, Jr., Arthur L. Stephens, Jr., and Karen D. Ward were named to the summer quarter Dean's List at College of The Albemarle for their scholastic excellence. The honor roster recognizes full-time students who earn grade point averages of 3.25 or better, with no grades below "C".

Two of the three Chowan County residents were among the 77 graduates at the August 18 commencement. Nugen, received his diploma, magna cum laude, in electrical installation and maintenance; Ward earned the operating room technician diploma.

Stephens is working toward his Associate in Applied Science degree in the associate degree nursing curriculum.

Sixty-two students, representing nine Albemarle area counties, were recognized.

Dove Hunters Are Warned

Now that dove hunting season is underway in North Carolina, Carolina Telephone again reminds hunters to use good judgement and not shoot at birds perched on telephone wires or cables.

Direct hits and even grazing shots have resulted in the disruption of telephone service for some customers according to T. F. Daniels, district commercial and marketing manager for Carolina Telephone.

Since aerial cables are rarely actually shot down, he pointed out, cables damaged by shots are much more difficult to locate and repair than lines actually knocked down, for example by falling tree limbs or auto accidents.

Daniels pointed out that disruptions of service can be more than just an inconvenience to customers. In some cases, a properly working telephone would be necessary to prevent a tragedy.
