To The Editor

Recently the News Media Seminar participants made a tour of the Chowan Herald to observe the media process of publishing news. This well planned tour was very beneficial to the group in that understanding the publishing industry develops an awareness of writing techniques and time schedules essential to develop well planned and effective publicity for clubs and organizations.
 I would like to thank "Bud" Amburn, editor, for an excellent class lecture; Pete Manning, manager, for a well planned, educational tour at night for the convenience of the group; Suzanne Parker, advertising manager, for a delightful and informative tour.
 The time and efforts of the Chowan Herald Staff are appreciated.

Respectfully,
 Lane Kinion
