

## Farmer Awards Sponsored

The N.C. State Fair and N.C. Farm Bureau Federation will sponsor a Young Female Farmer of the Year Award and a Young Male Farmer of the Year Award, to be given during the 1985 North Carolina State Fair. Although the Young Female Farmer of the Year Award has been sponsored by these groups since 1980, this year the award competition has been expanded to include a young male farmer category.

The State Fair and the N.C. Farm Bureau Federation, through its Young Farmer-Rancher organization, sponsor these awards to recognize excellence in management and production among the young farmers of this state. Also recognized are these young farmers' involvement in industry, civic and community activities.

The N.C. Department of Agriculture Public Affairs Division will coordinate the application process, with all applications coded upon receipt. The identity of applicants will be identified only by code number, with their identities revealed only after final selections are made. Therefore, applicants should be careful not to identify themselves or their farm names any place on the application other than page 1 of the application.

Applications can be obtained at the Chowan County Agricultural Extension Office. Any young farmer who is 35 years of age or less and has the major production management and decision-making role in a farming operation is eligible.

Chowan County has plenty of young farmers who will qualify so pick up an application form so you can nominate an outstanding young farmer. Deadline is July 1, 1985.
