

Whitfield appointed chairman

Mr. George Whitfield has been appointed for the annual "Wheels for Life" Bike-A-Thon in Edenton. Thomas J. Simpson is Co-Chairman. The event is scheduled for April 12, 1986, with a rain date of April 19, 1986. This ride will benefit St. Jude Children's Research Hospital.

The hospital is a research-treatment-education center where physicians and scientists, working side by side, have actually succeeded in rewriting medical textbooks through painstaking research and treatment advances.

This institution, now the largest childhood cancer research center in America, owes its establishment to a promise made years ago by entertainer, Danny Thomas. His dream became reality when the doors of this non-sectarian research hospital opened in 1962, dedicated solely to the conquest of hopeless diseases of children.

When St. Jude Hospital accepted its first patient, the survival rate for children diagnosed with acute lymphocytic leukemia was less than five percent. Today, the disease-free survival figure for children in long-term remission has grown to more than 50

percent. Procedures that originated at St. Jude are now being used to treat children throughout the United States and other parts of the world.

The hospital has treated children from 39 states and 29 foreign countries. Upon referral from their physician they are admitted to a research study without regard to race, creed, nation origin, or ability to pay. The sole criterion is a medical determination that their disease is under study. They receive the very best and latest total medical care because it is through these children that we will learn how to save others.

St. Jude Hospital is largely supported by voluntary contributions which are tax deductible. Events such as the "Wheels for Life" bike ride raise the funds to continue the research and treatment programs which are freely shared with all physicians and research scientists, extending the benefits of its work beyond its walls to children throughout the world.

Day of Prayer observed

Church Women United are observing a World Day of Prayer. World Day of Prayer is a worldwide call to prayer observed by Christian women of many traditions in the United States and more than 170 countries and regions of the world.

The theme of this year's observance is "Choose Life" and encourages women in making the hard choices they called upon to make if peace is to be achieved in the world. It calls women to make decisions and take actions that will begin to change the injustices and inequities that cause suffering to countless numbers of the world's people.

World Day of Prayer, in its 99th consecutive year, began in the United States in 1887 as a day of prayer for missions by the lay women in the Presbyterian church.

Church Women United, sponsor of World Day of Prayer in the United States, is the ecumenical movement that brings Protestant, Roman Catholic and Orthodox women together into a Christian community of prayer, advocacy and service. Church Women United represents a broad spectrum of religious tradition, race, age, economic status and ethnic

background and works through a national unit, 52 state units (including Washington, D.C. and Puerto Rico) and 1,800 local units.

Edenton church women are asked to join with women from all over the world in prayer to alleviate injustices in the world on this day.
