## Help Available

Dear Editor:  
I will appreciate very much for public awareness of the spinal cord injured your giving the following letter space in your newspaper since I feel there are many we have not reached and, too, new injuries continue to occur.

Since November 26, 1980, my husband has been paralyzed from the waist down, faced other obstacles, and confined to a wheelchair with a spinal cord injury as a result of a fall from a ladder.

In July, 1982, we joined the Spinal Cord Society. This is a non-profit international organization that is moving fast towards its goal of cure for paralysis due to spinal cord injury. SCS opened a Spinal Center at the University of Minnesota Hospitals and Clinics, Minneapolis, Minnesota, November 20, 1984. It is the first and only one in the world specializing in advanced treatment for chronic spinal cord injury and related neural problems. The Spinal Center is very successful and with new research in various locations, we are excited and have high hopes that it will be beneficial to the many chronic spinal cord injured victims and those with related afflictions who have suffered and been handicapped for so many years. The program may be the beginning of the end of lifetime paralysis.

Several cure research conferences have been held and the 1987 International Convention at which sixteen (16) researchers will be speaking will be held in Seattle, Washington, July 23-24, in the Red Lion Inn.

I feel we have many people who are either a victim, have a relative, a friend, or are just plain interested that may not be aware of this very worthwhile organization. I believe the paralyzed need to know of the advances being made in cure research. A wheelchair is a lonely place if you think no one cares. For those who are interested and concerned, please write Spinal Cord Society, P.O. Box 69, Minneapolis, Minnesota 55445. Also, you may call (218) 739-5252 or (218) 739-5261.

Sincerely,

Mrs. Julia Howard, President  
Piedmont Chapter  
Graham, N.C.

## Apology Offered

Dear Sir:  
This is a "mea culpa" for past unkind remarks made to you. I regret them and wish to make amends by saying that I think The Chowan Herald is very valuable to this community.

You are most generous with space for announcements from all organizations. This is very helpful to all of us.

The paper is a unifying element for the entire community and I, for one, am deeply appreciative.

Sincerely,  
Esther Crisanti  
Edenton

**Little League Try-Outs**
