Legal Notice
No. AB-125 (Sub-No. 9)
Notice Of Intent To Abandon Or To Discontinue Service
Carolina and Northwestern Railway Company, a subsidiary of Southern Railway Company, gives notice that on or about June 5, 1987, it intends to file with the Interstate Commerce Commission, Washington, D.C. 20423, an application for a certificate permitting the abandonment of a line of railroad extending from railroad milepost 74.0, Edenton, to railroad milepost 82.7, Mackeys, a distance of 8.7 miles, in Chowan and Washington Counties, North Carolina. There are no stations or shippers located on the line for which the abandonment application will be filed.

The need for substantial rehabilitation of the Albemarle Sound railroad bridge, which is included in the proposed abandonment, is the reason for this action. The cost of such rehabilitation cannot be recovered from revenues on traffic routed over this line segment. The bridge was taken out of service on January 4, 1987 because of its unsafe condition.

This line of railroad has appeared on the system diagram map in category 1 since January 28, 1987. The interest of railroad employees will be protected by those conditions for the protection of employees set forth in Oregon Short Line R. Co. - Abandonment - Goshen, 360 I.G.C. 91 (1979).

Any interested person, after the application is filed on June 5, 1987, is entitled to file with the Interstate Commerce Commission written comments concerning the proposed abandonment or protests to it. Protests must contain the following:

(1) Protestant's name, address and business.
(2) A statement describing protestant's interest in the proceeding including:

(i) A description of protestant's use of the line.
(ii) If protestant does not use the line, information concerning the group or public interest it represents; and
(iii) If protestant's interest is limited to the retention of service over a portion of the line, a description of the portion of the line subject to protestant's interest (with milepost designations if available).

(3) Specific reasons why protestant opposes the application including information regarding protestant's reliance on the involved service [this information must be supported by affidavits of persons with personal knowledge of the facts];

(4) Any rebuttal of material submitted by applicant.
(5) If an oral hearing is desired, a request for and reasons why an oral hearing is necessary.

In addition, a commenting party or protestant may provide a statement of position and a summary of evidence regarding:

(i) intent to offer financial assistance;
(ii) environmental impact;
(iii) impact on rural and community development;
(iv) suitability of the properties for other public purposes;
(v) recommended provisions for protection of the interests of employees; and
(vi) prospective use of the right-of-way for interim trail use and rail banking under 116 U.S.C. 1247(d) and 49 CFR 1152.29.

Written comments and protests will be considered by the Commission in determining whether an investigation is needed to assist in determining what disposition to make of the application. The Commission will automatically direct investigation if a protest is filed which demonstrates: (1) the protestant filed a feeder line application under 49 U.S.C. 1091b; (2) the feeder line application involves any portion of the rail line involved in the abandonment or discontinuance application; (3) the feeder line application was filed prior to the date the abandonment or discontinuance application was filed; and (4) the feeder line

application is pending before the Commission. If an investigation is conducted, the commenting party or protestant may participate in the proceeding as its interests may appear.

Those parties filing protests to the proposed abandonment should be prepared to participate actively in either oral hearing or through the submission of additional material in the form of verified statements. Parties seeking information concerning the filing of protests should refer to 49 CFR 1152.25.

Written comments and protests should indicate the proceeding designation No. AB-125 (Sub-No. 9) and should be filed with the Secretary, Interstate Commerce Commission, Washington, D.C. 20423, no later than July 6, 1987. Interested persons may file a written comment or protest with the Commission to become a party to this abandonment proceeding. A copy of each written comment or protest shall be served upon the representative of the applicant, Robert J. Cooney, Senior General Attorney, Norfolk Southern Corporation, 204 South Jefferson Street, Roanoke, Virginia 24042-0069, telephone (703) 985-8025. The original and 2 copies of all comments or protests shall be filed with the Commission with a certificate of service.

If no protests are received within 30 days after the application is filed, the Commission will grant the abandonment request and issue a certificate which permits the abandonment to occur within 75 days after the application is filed.

The line sought to be abandoned will be available for subsidy or sale for continued rail use, if the Commission decides to permit the abandonment, in accordance with applicable laws and regulations (49 U.S.C. 10905 and 49 CFR 1152.27). Applicant will promptly provide upon request to each interested party an estimate of the subsidy and minimum purchase price required to keep the line in operation. The carrier's representatives to whom inquiries may be made concerning sale or subsidy terms is James W. McClellan, Director Corporate Development, Norfolk Southern Corporation, One Commercial Place, Norfolk, Virginia 23510-2191.

Persons seeking further information concerning abandonment procedures may contact the Interstate Commerce Commission's Rail Section, Office of Proceedings, or refer to the full abandonment or discontinuance regulations at 49 CFR Part 1152.

A copy of the application will be available for public inspection on or after June 5, 1987 at Carolina and Northwestern Railway Company's Plymouth, North Carolina agency station located at Monroe Street, Plymouth, North Carolina 27962 (hours: 8:00 A.M. to 5:00 P.M. daily). The carrier shall furnish a copy of the application to any interested person proposing to file a protest or comment, upon request.
