

SPCA Footnotes: Good Choices Available

Two very adoptable dogs featured this week are being kept either in a foster home or by the owner.

"Lady" is a lovely, beige-gold part Keeshound (pronounced "caze-hawnd"), the national dog of Holland. Because of its smaller size, 17-18 inches at withers (the highest point of the shoulders) it was used in earlier years as a barge dog up and down the Rhine River in the Netherlands.

The Keeshound thus gained great popularity, both as a pet and a watch dog. It is definitely a companion dog, not a hunter.

While not a well-known breed in our country, the Keeshound is closely related to many familiar breeds such as the Chow Chow, Norwegian Elkhound, Samoyed, Spitz

and the smaller Pomeranian. It has the same full ruff, well-feathered, curled tail over its back, and "spectacles" (rings around the eyes) as many of these dogs mentioned.

"Lady" has most of these features except that unlike the traditional wolf grey color with the outer coat black-tipped, she is light in color. She is four to five years old, recently spayed and has had all the necessary shots. Because she is not a young adult, she will stay close to home, once assured of love and attention, and will make a fine addition to any household.

The other small, attractive dog has some Shetland Sheepdog blood. He is 18 months old and is an indoor, housebroken pet. Because of the great energy which is characteristic of this type dog, he would

need running space, preferably fenced-in, where some of this energy could be released.

Call 482-8090 for more information about either of the above dogs or others available at the Animal Shelter. Adoption times are Tuesdays from 3-5 p.m. or Saturdays from 9-11 a.m.

This small, part-Shetland Sheepdog is housebroken, but needs a home with room to run. For more info, call 482-8090.

This adorable Keeshound can be your new pet if you call the SPCA right away! "Lady" is 4-5 years old, has been spayed, and has had all her shots. For details, call 482-8090.

Ski Tourney Is Slated

The River City Ski Club is sponsoring a water ski tournament to be held Saturday and Sunday, July 8-9, at Shipyard Landing, located on Shipyard Road off of Highway 343, between Camden and South Mills. Skiers in all age divisions will be taking part in the action which will begin at 8 a.m. each day. Local skiers expected to compete include many members of the River City Ski club.

This is the second year for the area tournament and more than 50 contestants are expected to attend.

Events to be held during the two-day meet include slalom, tricks and jumping. In slalom skiing, the contestant attempts to complete consecutive passes through a six-buoy course, with each pass becoming more difficult as the boat speed is increased and the towline is shortened.

In trick skiing, the contestants will perform as many difficult and intricate maneuvers as possible in two 20-second passes through the course. And in jumping, the skier attempts to go as far as possible off the ramp. The top jumpers in North Carolina are expected to meet at this tournament.

More information about the tournament can be obtained by calling Jeff Mitchell at 338-1637.
