Kenneth Elliott

Elliott to attend Nat'l Youth Leaders Forum

Kenneth Elliott, a student at John A. Holmes High School in Edenton, has been selected to attend The National Youth Leadership Forum on Medicine.

The National Youth Leadership Forum on Medicine is dedicated to preparing our nation's most promising future physicians for educational and professional opportunities and responsibilities.

This summer, Elliott will join 350 other outstanding high school students from across America for

discovery and mentorship with some of the country's most prominent and technologically advanced medical institutions.

Intensive day-long concentrations at these institutions will allow the students opportunities to examine state-of-the-art diagnostic tools and future medical specialties in detail. Students will also have an opportunity to study and learn from some of the nation's most distinguished medical leaders and research pioneers.

Retirees are honored at the NCAE banquet

The Edenton-Chowan Board of Education and NCAE held their annual spring banquet to honor retirees and 20-year employees of the school system.

Creekside
offers more
than just a
place to eat

As one of Edenton's newest ventures, Creekside Restaurant & Bar employs a successful mix of enjoyable cuisine, personal service, and entertaining

music to remain competitive in the restaurant field.

Co-owners Gail Finan and Delbert White are also the beneficiaries of loyal customers, which includes Edenton resident Tom Moriarty.

"I like Creekside because of the friendly atmosphere," Moriarty said. "You receive personal attention from the owners and the entire staff as well... it's the only place in town to find good entertainment. You get what you pay for... which is great food. Delbert (White) adds that personal touch by checking on the quality of the meal."

Likewise, staff also value the atmosphere created by Finan and White. "It's not as stressed here," Alicia Moore stated. "It's a lot better than anywhere else."

"She's (Finan) very easy to get along with," Amanda Henry responded. "And when we are not 'super' busy, she's really fun. It's like being with a real family... everyone here is also very polite and respectful."

In agreement with Moore and Henry is fellow employee Charlotte Faircloth. "They're (Finan and White) really welcoming and helpful in the workplace," said Faircloth. "I think that this experience will provide me with a sense of (the importance) of personal attention."

Since its opening in October 1998, Creekside has undergone several changes but manages to maintain a strong community presence via its association with several charitable events.

"We feel a social responsibility to give back," White said. "For example, during Hurricane Floyd (in 1999) everybody was saying that they needed a month's notice before they could offer assistance to those who needed it: However, they asked us at noon to prepare something, we had it at four (p.m.)."

"If there's one thing that I would want to say is that they are (really) involved in charity activities," Brenda Ward replied. "The things that they put back into the community are wonderful. They make a conscious effort to give back, additionally we have a charity bartender event every month." Ward added, "a lot of people do it for the free publicity, but they do it from the heart. They have certainly proven that they're a valuable part of the community."

Despite the current state of success, White remembers the problems encountered when the facility first opened its doors.

"Initially it was tough, as it is with any new business," White said. "However, our supporters hung with us, hat's off to those who are our real friends. In addition, the community, for the most part, has accepted us."

In regard to the musical offerings at Creekside, they continue to provide several options for its patrons.

"There have been two types of dinner theatre here...and both have been well-received," Ward said. Local talent, such as Dr. Peter Boehling, Dr. Paul Richmond, and Mike Malloy, have all been involved."

With all of the events that continuously occur at this venue, it would be easy to forget that not everyone is aware of its value, a problem that employee Tony Wilson thinks has an easy solution.

"Come give it a try," Wilson said. "I guarantee you will enjoy it."
