

# The Community & Newspapers

Let's  
Work  
**TOGETHER**  
for  
Newspapers In  
Education

**Help us help teachers by "adopting" a class or classes for the 2000-2001 school year!**

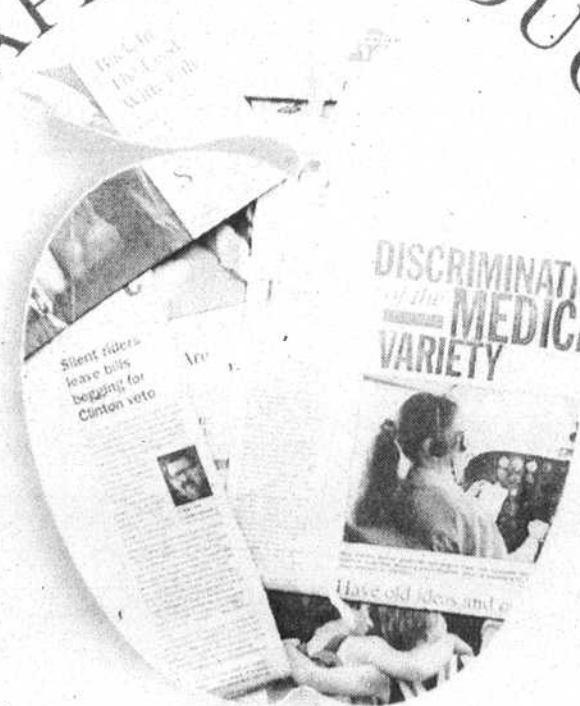

Teachers in area schools are requesting newspapers as real-life teaching tools. Help us help teachers by "adopting a class and becoming a Partner in Education."

Your partnership benefits our school children and will benefit you through:

- Partnership acknowledgement published in the newspaper during the school year.
- A certificate placed in the classroom you sponsor acknowledging your contribution to their education.
- A certificate for your business to identify you as a Partner in Education.
- 100% of the partnership credit going to you or your company.

To adopt one teacher who needs 25 newspapers weekly for one semester requires \$80.00  
To adopt one teacher who needs 25 newspapers weekly for an entire year requires \$160.00
