announcement made by officers of the Woman's Club. Mr. Thompson has some other engagements in this section at this time and it is only because of this fact that it is possible to bring such a talented reader to Murphy. Mr. Thompson, though totally blind, has fought his way to recognition by his sheer persistence and unusual talent. He is a graduate of Bowdoin College, and has a Master's Degree. He has been active in expression in Boston for 20 years and has appeared at colleges and universities, clubs and general audiences all over the country.

Mr. Thompson will give the selection from Shakespeare's Hamlet and varied program of typical American wit and humor. It will be something that everyone will enjoy and his coming presents an opportunity that no one should allow to pass.

THE IMPROVED ASPIRIN TABLET

Tingle's LAXO ASPIRIN

Aspirin is prescribed by physicians more often than any other drug. It is safe and quickest relief from congestion, pain and fever. TINGLE'S LAXO-ASPIRIN is the new scientific aspirin tablet. It is gently laxative, cleansing the system of poisons which are often the cause of pain. Does not cause heartburn or indigestion as ordinary aspirin does. Breaks up a cold—removes the mucus and relieves the pain of rheumatism, neuritis and lumbago. Brings almost instant relief in headache and neuralgia. Ask your druggist for TINGLE'S LAXO-ASPIRIN in the three point box, or mailed postpaid for 25c. Therapeutic Research Laboratories, Washington, D. C.

MRS. McKIMMON TELLS WHY TO HAVE GARDEN

(Continued from page 1)

ton patch that the man may cultivate when he is attending to the big crops. This is fine if he is to do all the work, but if planting and cultivating is to be done by the woman, do let her garden be so near the home that only a step or two will take her to it and a casual glance from the window will let her see the old familiar plants calling to her. Rotate the garden crop but if a woman is to have it, don't rotate the garden spot.

"Down in Anson County the women in the home demonstration clubs have what they call a plant exchange. At the meetings members will tell just what plants they have in abundance and at the proper time plants and seeds are swapped. This means also instructions by the good gardener to the novice and reports of results later. The home agent in her car at times distributes from neighbor to neighbor as she goes along the road and memory gardens spring up everywhere. One woman will show you Mrs. Smith's lettuce in the hot bed, and Mrs. Jones' roses climbing over the porch, and another will tell you of the strawberry bed which she has named for her next door neighbor."

The home agent in Polk County recently reported to Mrs. McKimmon "We had a garden campaign in this county and one hundred families were represented pledging themselves to plant six or more vegetables and exhibit them at the community fairs. Many vegetables were planted that people had thought would not thrive in the mountains."

Mrs. McKimmon says that demonstrations given later by this agent in how to prepare and serve these vegetables was a great incentive to keep up the garden work.

Syrup Pepsin Helps Nature Give Relief

Try it when a Laxative is needed and see the wonderful results

IT is not necessary to take a violent physic for so simple an ailment as constipation. Yet many thoughtless persons give mercury in the form of calomel, and coal-tar in the form of plomoc when a natural vegetable compound like Dr. Caldwell's Syrup Pepsin will do the work equally well and without danger. People should realize that mercury may salivate and in certain conditions loosen the teeth; that phenolphthalein, by whatever name known and however disguised in candy, may cause dermatitis and other skin eruptions; that salt waters and powders may concentrate the blood, dry up the skin and cause lacitude.

You can take Dr. Caldwell's Syrup Pepsin yourself or give it to a babe in arms, as thousands of mothers do every day, with the confidence that it is the safest and best medicine you can use for constipation and such complaints. A teaspoonful will relieve you over night even if the constipation has been chronic for years.

Dr. Caldwell's Syrup Pepsin is a compound of Egyptian senna and pepsin with pleasant-tasting aromatics, and does not cramp or gripe. Every druggist handles it, and bottles are so generous that the cost amounts to only about a cent a dose. You buy it with the understanding that if it does not do as claimed your money will be refunded. The names of all the ingredients are on the package.

Mrs. A. Arceneaux of Orange, Texas, suffered from constipation for six years and found no relief until she took Dr. Caldwell's Syrup Pepsin; and Mrs. Gus Anderson of Hall, Kans., corrected her bowel trouble so that she now eats and sleeps normally. Bring a bottle of Dr. Caldwell's Syrup Pepsin into your own home and let the family use it for constipation, biliousness, wind, gas, headaches, flatulency, and to break up fevers and colds.

ANY FAMILY MAY TRY IT FREE

Thousands of parents are asking themselves, "Where can I find a trustworthy laxative that anyone in the family can use when constipated?" I urge you to try Syrup Pepsin. I will gladly provide a liberal free sample bottle, enclose in this card. Write me where to send it. Address Dr. W. B. Caldwell, 215 Washington St., Monticello, Illinois. Do it now!
