**Public Now Prefers Vegetable Laxatives**

Dr. Caldwell's Syrup Pepsin affords prompt relief in a natural way

THE public is constantly becoming more discriminating in its choice of things. Those subject to constipation try to learn what makes them constipated, and then avoid it. If constipation persists in spite of all their efforts they take the mildest, most easily tolerated laxative obtainable, and not a drastic physic that upsets them for days afterwards. As over 10 million bottles of Dr. Caldwell's Syrup Pepsin are sold in a year, a large proportion of the people of this country must believe that this mild vegetable compound is the proper remedy for them, and so it is. No need to take salt waters and powders that dry up the blood, cool-tar drugs in candy form that produce skin eruptions, or calomel that salivates. These drugs are "heroic measures", over-effective, weakening and griping.

The best constipation remedy is the one that moves the bowels without shock to your system, and such a one is Dr. Caldwell's Syrup Pepsin. It is a vegetable

**ANY FAMILY MAY TRY IT FREE**

Thousands of parents are asking themselves, "Where can I find a really healthy laxative, and advise in the family can use when constipated?" I urge you to try Syrup Pepsin. I will gladly provide a free sample bottle, sufficient for an afternoon's trial. Write me by mail at 440-442 W. H. Caldwell, 515 Washington St., Monticello, Illinois. Do it now!

compound of Egyptian senna and pepsin with pleasant-tasting aromatics, and has been satisfactorily sold for 30 years. Unlike the harsher physics it does not produce a habit, and increased doses are not required; in fact, it so trains the stomach muscles that in time medicines of all kinds can be dispensed with.

Many take a teaspoonful of Syrup Pepsin once a week as a health safeguard. Others use it only when required, as, for example, Mrs. J. W. Borroughs of Little Rock, Ark., who finds it equally valuable for herself and the children, and Mr. Enas S. Costa of Watsonville, Cal., whose family uses it regularly. Try Dr. Caldwell's Syrup Pepsin in constipation, biliousness, piles, headaches, sallow complexion, and to break up fevers and colds. A generous-size bottle can be had at any drug store, and it costs only about a cent a dose!
