This Laxative Works Fine on Old People

Thousands have kept themselves healthy with Dr. Caldwell's Syrup Pepsin

ADVANCING age with its subdued ambitions and strivings could be made very happy if only good health accompanied it, and the basis of good health, as everyone learns upon reaching the age of 60, is the regular daily movement of the bowels. If it can be effected through the food you eat, the water you drink and the exercise you take, so much the better. But if nature will not operate it must be assisted or sickness will follow. Neglected constipation causes the blood pressure to go up 28 per cent, and that is the forerunner of hardening of the arteries. It makes rheumatism and gout worse, too.

The ideal constipation remedy for people of advancing years is Dr. Caldwell's Syrup Pepsin, a vegetable compound of Egyptian pepsin and pepsin with pleasant-tasting aromatics. It is gentle and mild, and does not cramp or gripe. It is a mistake to think you need a violent salt or powder, or pill, calomel, coal-tar drugs, or such things. They purge and

weaken you, and their reaction tends to make you more constipated than before.

Now try the milder method. Dr. Caldwell's Syrup Pepsin does not lose its good effect with repeated use, and increased doses are unnecessary. Mrs. E. M. Burgess of Enfield, N. C., who is 73, keeps herself in good health with it, and Mr. Charles Chorman of Stapleton, Staten Island, N. Y., wasted fifteen years and considerable money on other remedies before finding steady relief with Syrup Pepsin.

Use Dr. Caldwell's Syrup Pepsin yourself the next time you suffer from constipation, biliousness, headache, sleeplessness, indigestion, piles or night cramps. Many thousands of elderly people use nothing else, and it costs them less than a cent a dose. Druggists have sold it successfully for 30 years, and it is the most widely bought family laxative in the world.

ANY FAMILY MAY TRY IT FREE

Thousands of parents are asking themselves, "Where can I find a truly worthy laxative that anyone in the family can use when constipated?" I urge you to try Syrup Pepsin. I will gladly provide a liberal free sample bottle, sufficient for an adequate test. Write me where to send it. Address Dr. W. R. Caldwell, 515 Washington St., Monticello, Illinois. Do it now!
