Declares Tanlac Ended Seven Long Years of Suffering From Stomach Trouble

"No one can ever know how much Tanlac is worth until they suffer as I did and they try it," declared Mrs. Dan Propst, Pinkey Mills, Gastonia, N. C.

"The trouble I had with my stomach and back for seven years seemed all I could stand. I often went for a day or two at a time without eating a bite, and many a night I couldn't get half enough sleep. My nerves were completely upset and I was so run-down that it was a burden for me to get around at all.

"Since taking Tanlac I eat and digest just anything my backache and nervousness are gone and I sleep every night like a new woman. I will praise Tanlac the longest day I live."

RICH, NEW AND ELEGANT

A very handsome wrap of black duvetine, with a large collar and band trimmings of camel fur, is pictured here. It will compel many a lingering and longing look from those who appreciate its rich appearance, its elegance and warmth. The sleeves are cut in one piece with the back, and have a very wide flare. Narrow silk bands for trimming emphasize the cape-like lines of the body of the coat.

TO FRAME LITTLE FACES

It is easy to suit the angelic faces of little girls, and designers delight to make pliant millinery for them. Above are three widely different hats framing appropriately the young faces that smile under them.

We Are More Anxious to Give You Value Than You Are to Receive It!

Every man likes a long run for his money and the store that gives the real value gets the run of the customer.

That's why we would rather short-change ourselves than slight you. We can do business on a small profit anytime—but we cannot get along without you—not for one minute. If we sold you a suit and the value wasn't in it—we wouldn't expect you to get it back—even in the back row. This good, reliable stock of cool suits is figured on that policy—we understand men almost as well as men think they understand women.
