

**LAD KILLS LARGE EAGLE**

**Country Lad, Attacked By Big Bird, Lets Fly With a Bit of Lead and Brings it Down**

Bryson City, June 17.—According to the Bryson Times a young son of Bert Oliver, who resides about two miles from town on the Bryson City road, killed a large mountain eagle June 1.

Several young children were playing in the yard, when the eagle was first seen making a dive for one of the little fellows. The bird circled over the children several times and once came within a few inches of taking the cap off the head of one of them. One of the boys had a large "sling shot" and some pieces of lead, and took a shot at the eagle every time it came near enough. Finally he hit the bird squarely in the head and brought him to the ground, either killed or badly stun-

ned. Without taking any further chances one of the boys grabbed a hog and cut off its head.

Old residents say it is one of the largest eagles ever seen in this section. It measured seven feet ten inches from tip to tip, and its talons and beak were certainly dangerous looking weapons. One of the wings measuring over three feet in length and the tail were on display in a show window and attracted a great deal of attention.—Bryson City Times.

Beautiful weather makes the farmers sweat and smile.

Mr. N. W. Armbrist and wife moved to Hangingdog Sunday.

Messrs. B. H. Mintz and Rev. W. R. Landford of Marble, N. C., have been in town, visitors the past week.

W. B. M. Way with the Champion Motor Co. passed through Marble on his way to Waynesville, N. C.

Quite a number of our people have been attending the revival at Murphy the past week.

Mr. Richard Newman, of Connerhill, Tenn., was visiting home folks here the past week-end.

Uncle Bob Clancy, of Andrews, the wood burner for the extract company, was in Marble Monday on business.

L. M. Conroy, of our town, made a business trip to Murphy Monday.

Rev. Stebbins, of Murphy, preached an interesting sermon here on Sunday night of last week.

Doc. Elliott, with the Cherokee Hardware Co. was in our town on Monday.

Respecters are running to their full capacity on the beautiful farms on our valley.

Demonstration Division of the State College and State Department of Agriculture under the direction of Miss Maude E. Wallace, as dean, gave instruction to the girls during the week.

Three lines of instruction were given. The first was with clothing and had to do with a study of textiles and the different clothing materials. The six girls making the highest grades in these classes were awarded gingham dresses made from cloth donated by the Pomona Mills of Guilford County. Miss Wallace stated that the instruction in this course was so tedious and exacting that it was decided to make it more interesting by means of this contest.

The second course was in canning. The young ladies were required to do actual canning. They were given demonstrations by their instructors and in turn gave demonstrations with both fruit and vegetables. Both the commercial and home use of canned materials were stressed in this course.

The third course was in jelly making. A number of the young ladies who attended last year's short course won many prizes with their jelly at the various fairs of the State and some sold their jelly at good prices. The record of these former students did much to popularize this phase of the short course.

But it was not all work. Col Fred Olds took them around on trips of inspection to various parts of the Capital City; there were songs, stunts, games and friendly contests between counties and there was fun of being together as recognized leaders in a line of work that has demonstrated its value to the North Carolina farm home.

Catawba leads in so many things pertaining to the agriculture of North Carolina that it was no surprise to know that she led in attendance at this meeting. The 16 "Catawba Bread-bakers," as they styled themselves, comprised the largest representation from any county and braved the hardships of travel at

a school truck for an entire day to be on time. Mecklenburg, Cumberland and Washington Counties were next, each with 15 girls, all of whom were prize winners in some contest put on in those counties by the home agent. The other counties were represented with only two or three each. Mrs. McKinmon so appointed the representation that as many counties as possible could have representatives to take part in the short mornow is the time for ad good course. Only four girls were present who had attended former short courses and one of the young women has attended each of the three held previously. This veteran is Miss

Cornelia Pleasants of Davidson County and a leader in the club work of her community.

In the opinion of Miss Wallace, dean of the school, this short course was one of the most successful yet held. All the girls took an interest in their work and seemed to enjoy the privilege of being selected to attend. It is planned to make provisions for a greater number next year and it is probable that one of the larger girls colleges of the State will be asked to care for the girls. Lack of dormitory room at Peace Institute has been a limiting factor in the size of the school so far.

**"Strong and Well"**

"I WISH you could know how much I am improved since taking the Cardui," writes Mrs. Nannie Brown, of Black Rock, Ark. "You wouldn't know me for the same weak invalid I was before I took it. At my... I had to keep off my feet or I would fall. I couldn't do my housework, and just got where I'd most as lief be dead as living. Some one told my husband of Cardui. He got it for me and I took three bottles before I stopped—then off and on for the last three years just as a tonic. I saw a decided improvement after my first bottle. I used the three, and was able to do my work with ease, and now I sew for my family and for others. I am feeling fine, and strong and well."

Take Cardui! It may be just the medicine you need.
