SOUTHERN RAILWAY SYSTEM

Our Day's Work

THE Southern Railway System is producing more than 100,000 ton-miles of freight transportation in the five minutes you spend reading this advertisement.

A ton-mile, the yardstick of freight service, is a ton moved one mile. For example, hauling 100,000 tons a mile equals a hundred thousand ton-miles.

It is a big day's work that an 8,300 mile railway system, with 60,000 employees, does every twenty-four hours. Our average daily performance in 1923 shows these results:

Trains operated	1,250
Distance run by trains	120,000 miles
Passengers carried	50,000
Freight loaded on our lines and received from other railroads	8,000 carloads
Freight movement	32,000,000 ton-miles
Coal burned by locomotives	14,000 tons
Wages paid	\$220,000
Materials and supplies purchased	\$135,000
Taxes paid	\$ 26,000

If you will multiply any of these items by 365 the result will be a year's performance on the Southern Railway System.

The prosperity of millions of people in the twelve states served by the Southern depends on the faithful and efficient performance of our day's work.

OGREETA.

The people of this section will lose no time this week in planting corn, as they lost last week an account of too much rain. As some folks would have it, according to the moon last week was the best time of the year to plant corn.

We are told that if the moon changes in the forenoon we may look for a great deal of rain, but if it changes in the afternoon we will have dry weather. This sounds like mythology, but it may be true.

Mrs. Lela Scrogins, of Ogreeta, died at 4 o'clock Saturday afternoon and was buried Sunday afternoon in the Ogreeta cemetery. Rev. Dike Doogan conducting the funeral services. There is no us to state that the people were sorry to give up Mrs. Scrogins, for a sudden change is seldom witnessed at a cemetery than that of Sunday.

Mr. and Mrs. W. R. Martin and family visited Mr. G. W. Odom and family Sunday.

There were quite a number of people from Unaka in attendance at the funeral services at Ogreeta Sunday.

There will be a decoration at Ogreeta on Sunday, before the 30th of May. The Ogreeta Sunday school will prepare appropriate exercises for the decoration. Everybody invited.

"WE have used Black-Draught ever since we have had a family and that was shortly after 1874," says Mr. E. A. Brantletter, of St. James, Mo. "It is my first remedy when any of us gets sick. . . . We use Black-Draught for torpid liver and stomach complaints. . . . When I get sluggish and don't feel so good, I take Black-Draught—and you have to show me that there is a better medicine in Missouri. I think it is fine for indigestion or for headache. It is a splendid family remedy. My wife uses it for any stomach ailment, indigestion and biliousness. We never let the house be without it if I know it. We also give it to the children for children's complaints, colds or fever."

Keep a package of Black-Draught in the house for all the family. Your dealer will sell you a mammoth package, containing five of the regular-size packages. It's cheaper.
