Norvell; Secretary, Mrs. H. G. Elkins; Treasurer, Mrs. J. B. Storey; Corresponding Secretary, Mrs. W. M. Axley; Members of the executive committee, Mesdames W. M. Fain, J. W. Davidson, Gordon Hasty, J. H. Phaup and J. C. Solcumb. At this meet-

## "If Your Pain Is There, What You Need Is a Good Tonic For the Kidneys"

The kidneys are the scavengers and they work day and night in separating and the poisons from the blood. Their signals of distress are easily recognized and include such symptoms as lumbago, backache, depression, drowsiness, irritability, headaches, dizziness, rheumatic twinges, dropsy.

People are realizing more and more every day that the kidneys, just as do the bowels, need to be flushed occasionally. The kidneys are an eliminative organ and are constantly working, separating the poisons from the blood. Under this continual and perpetual action they are apt to congest, and then trouble starts. Uric acid backs up into the system, causing rheumatism, neuralgia, dropsy and many other serious disturbances. It means that you are a victim of uric acid poisoning. Then ask your druggist for Anuric (anti uric acid) and you will very soon become one of hundreds who have been helped by this powerful enemy to uric acid.

Dr. Pierce manufactures Anuric (kidney-backache) tablets and you can obtain a trial pack by enclosing 10c and addressing Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

ing the first part of the program for the year, the study of the great women of the world in various activities, was presented by Mrs. T. L. Sasser, Mrs. A. M. Brittain and Mrs. S. D. Akin.

correct internal troubles, stimulate vital organs. Three sizes. All druggists. Insist on the original genuine GOLD MEDAL.

## JUNIOR AMERICAN RED CROSS ARMY 5,596,663

### Children of 29,942 Schools Now Enrolled in Movement of Service to Humanity.

The American Junior Red Cross, which was organized as a children's auxiliary during war-times especially to help the young refugees in Europe, and to exemplify in peace-time the Red Cross ideal of service, has now a membership of 5,596,663 in the schools of the United States and the insular possessions.

This Junior movement gives opportunity for the children to share in Red Cross effort parallel to that of the parent organization. Juniors are therefore identified in varying degree with the health services, disaster relief work, salvage and other suitable activities of value to the operations of the Red Cross.

It is a valiant host marching on under its "I Serve" banner in the cause of happier childhood everywhere and particularly wherever the American flag flies. The enrollment embraces 29,942 schools and 147,486 school rooms, a gain over 1923 of 5,655 schools and 22,414 school rooms. The year's gain in membership was 769,402 children, or nearly 80,000 for each month of the school year.

The educational and social values of the Junior Red Cross movement is thus evidencing the firm and cordial endorsement of school authorities. The government has added the weight of recognition by extending the Junior Red Cross in the schools for American Indian children. The American Red Cross is also planning to develop the Junior program in 600 rural schools in isolated sections.

There is no abatement of the exchange of correspondence between schools in the United States and schools in the insular possessions and foreign lands. During the year the Junior Red Cross in part supported operations in twelve European countries. It is a potent influence for the cultivation of international goodwill and its example has been the means of stimulating the formation of Junior Red Cross societies in more than thirty countries.

## RED CROSS RAISES \$10,000,000 IN 21 DAYS FOR RELIEF

Terrific catastrophes, such as the Japanese earthquake, prove the wisdom of the people in maintaining the American Red Cross as their national and international relief agency. The readiness of the Red Cross for duty in the greatest of emergencies was also proved by test.

The record shows: Sept. 3, President Coolidge assigns the duty of raising \$5,000,000 to the American Red Cross; Sept. 4, Red Cross chapters in over 3,500 communities given fund allotments; Sept. 12, fund totals \$5,563,000; Sept. 17, fund nearly \$8,000,000 and President announces formal closing of campaign; Sept. 27, fund passes \$10,000,000 mark.

In 21 business days the Red Cross doubly performed the duty entrusted to it—all the while keeping a steady flow of relief supplies going out from many Pacific ports to the stricken areas in Japan. Thus was the confidence of the American people in their Red Cross justified and the wisdom of Red Cross preparedness to cope with an unprecedented relief emergency confirmed.

## BELLS

Mr. Love—Hark! the New Year Bells! Don't you think them the sweetest one can hear?  
Miss Love—With the exception of the wedding bells, Mr. Love, I do.

## Local Chapter Red Cross Re-organized

(Continued from page 1)

munity causes. The funds at home will probably be expended through the Junior Red Cross organization for their work in sending gifts they make to ex-service men at Oteen, where 1,038, 700 of whom are bed patients, are being rehabilitated; to crippled children in the Orthopedic Hospital at Gastonia; to the orphanages; to the county home; to the needy families in the community and for other worthy purposes.

The funds that go to national headquarters will be used largely in aiding following disasters of various kinds, such as floods, storms, fires, and similar calamities. During the year just 24 Southern communities were struck by disasters, according to a summary report sent out by the Southern Division of the Red Cross, and following these disasters the Red Cross has helped to care for the injured and rehabilitated 5,200 people left homeless, in which work \$157,717 were expended.

Other work done by the Red Cross in the Southern Division during the year, include the following:

Red Cross nurses have made 130,533 visits to homes where sickness and disease threatened human life. They have inspected 149,943 school children, and helped to get their defects corrected. Home Hygiene and care of the sick has been taught to 4,000 southern women and girls, showing them how to care for ordinary sickness in the home.

Fifty-four thousand nine hundred and forty-seven ex-service men assisted in settling government claims for disabilities resulting from their war service. Many of them needing hospital treatment have been helped in procuring the necessary data, and placing it in correct form before the proper officials. While their claims are pending, Red Cross workers see that their families do not suffer.

In many communities where the Red Cross chapter is the only welfare agency, it has given constructive help to 11,554 civilian families, helping them to get back on their feet and become self-supporting.

One thousand four hundred and eighty-eight people have been taught scientific methods of rescuing drowning people and resuscitating them, and 647 others have been taught through first aid courses "What to do before the doctor comes."

School children enrolled in the Junior Red Cross who are building for better citizenship and international amity, number 291,188. With the motto, "I Serve," they carry on programs of civic and social welfare.

Volunteers have made 10,805 garments for distribution wherever needed. They supply clothing in times of disaster, and also meet many needs

Plans laid for warehouse to handle tobacco crop in 1925. For further information apply to Mrs. J. L. Simpson, Pavo, Ga., Route 4. (14-2t-pd)

## Bad Coughs Ended Quickly by Double-Action Remedy

Remarkable results in quickly clearing up the severest coughs have been obtained with a prescription by a well-known specialist that does two things at once. It not only soothes and heals the soreness and irritation, but it very quickly loosens and removes the phlegm and congestion which are the real cause of the coughing. It is often astonishing how speedily the cough stops.

The prescription is known as Dr. King's New Discovery for Coughs. It is particularly valuable for night coughing. To promptly end this annoying and weakening cough, simply before retiring take one teaspoonful of Dr. King's New Discovery and hold it in your throat 15 or 20 seconds before swallowing. People who have been unable to rest on account of continual coughing have often gotten their full 8 or 9 hours' sleep by this simple method.

Dr. King's is excellent, too, for children's spasmodic croup, whooping, laryngitis, bronchial asthma and lameness. On sale at all good druggists. Ask for
